An Introduction to Admissions & Transfer

What is Transfer?

Transfer enables students to move from one post-secondary institution to another and receive credit for prior study.

What is the *Alberta Transfer Guide*?

The *Alberta Transfer Guide* lists all the course and program transfer agreements in effect between post-secondary institutions in the province for a specific academic year (for example 2005-2006). It is the official statement of transfer agreements in effect as of 1 April prior to the beginning of each academic year.

The *Guide* is printed every June, but transfer agreements are created and updated regularly throughout the year - students and advisors are encouraged to search the Online Transfer Guide, www.acat.gov.ab.ca, for the most up-do-date information.

What is the *Transfer Guide* for?

This *Guide* is designed to assist you in planning your transfer from an Alberta college, technical institute, private college offering accredited degrees, Athabasca University, the Banff Centre, Aurora College in the Northwest Territories, Nunavut Arctic College, Advanced Placement or International Baccalaureate courses.

How do I use the *Alberta Transfer Guide?*

1. Decide which institution you want to transfer to (the *receiving institution*).
2. Go to Section III - carefully read that institution's admission and transfer information. For more detailed information, visit the institution's web site or contact the registrar's office.
2. Go to Section IV to read the transfer agreements between the sending institution (the institution where you are coming from) and the receiving institution.
4. Make note of how your planned courses transfer to the receiving institution.
5. Contact the post-secondary institution directly if you have any questions about specific admission and program requirements.

If you have already completed post-secondary courses in Alberta, refer to the Transfer Guide for the year in which you took the courses.

Transfer agreements specified in the Transfer Guide may be dependent on the particular program you wish to enter. If you switch to an unrelated program, the courses you are transferring may not be applicable.

What if I have general questions about admissions and transfer?

Check out the *Transfer Terms & Definitions* and the *Common Questions* in this section. You can also e-mail ACAT at acat@gov.ab.ca or call the infoline at (780) 422-9021, toll free in Alberta, 310-0000, then dial 422-9021.

Notes for Students, Registrars, Advisors, Admissions Officers & Counsellors

- The transfer agreements listed in this *Alberta Transfer Guide* are the most recent available as of April 1, 2005 and apply only to courses taken during the 2005-2006 academic year (September 1, 2005 to August 31, 2006).

  Transfer agreements are created and updated regularly thoughout the year - students and advisors are encouraged to search the Online Alberta Transfer Guide, www.acat.gov.ab.ca, for the most up-to-date information.

- If you took a program or courses *prior* to 2005-2006, refer to the *Transfer Guide* corresponding to the year in which the course(s) was taken (e.g. 1998-1999). Agreements from the 1993-1994 academic year to the present are available at www.acat.gov.ab.ca. For years prior to 1993, contact ACAT at acat@gov.ab.ca or (780) 422-9021, toll free in Alberta, 310-0000, then dial 422-9021.

- The *Transfer Guide* indicates the minimum transfer credit available for prior post-secondary courses and/or programs, upon admission to a post-secondary institution. Additional transfer credit may be negotiable on an individual basis.

- Transfer agreements may be dependent on the particular program a student wishes to enter. If you switch to an unrelated program, courses taken may not be transferable.

- Each institution has its own requirements and practices for admission of students and awarding of transfer credit. Institutional admission policies can be found in Section III.

  Also check the receiving institution's calendar and consult with the Registrar's office at the receiving institution. There may be limitations on transfer or admission of transfer students.

- If a student interrupts or spreads their studies out over a long period of time, some problems *may* be encountered if the program requirements have changed. Check with the institution where you will be taking the program (the receiving institution).

- Where no entry appears in the receiving institution row in the program and course transfer agreements listed Section IV, no formal transfer arrangement for that particular program or course is in effect between that sending and receiving institution at the time of printing.

  Informal transfer arrangements are possible on an individual basis. Students seeking special consideration are advised to consult with the Registrars at both their present institution and at the institution where they plan to transfer.

  More information about reading transfer agreements can be found in Section IV.

- The *Guide* has a wealth of information that is useful for admission purposes: charts on academic upgrading, other provinces' grade 12 courses, international baccalaureate and advanced placement. Students can use the Guide to plan for admission to post-secondary studies.

- Students can also use the *Guide* to plan beyond admission. Use *By Course* information to plan the transferability of a few courses taken close to home, or to plan a university transfer direction. Use the *By Program* information to plan a laddered series of credentials.

Transfer Terms & Definitions

Academic Year – usually 12 months, running from September 1 of one year to August 31 of the following year.

Admissions or Entrance Requirements – a set of criteria stipulating education, training or experience needed for eligibility to enter an educational program or occupation. May include minimal marks, levels of achievement and/or exam scores.

Applied Degree - a credential granted by an Alberta college or technical institute for the completion of six semesters (about 3 years) of academic studies and at least 2 semesters (about 1 year) of paid, related, supervised work experience.

Baccalaureate or Undergraduate Degree - a credential offered by universities and other institutions authorized to offer accredited degree programs (i.e. private university colleges); normally requires three or four years of full-time study.

Block Transfer - a group of courses, such as a completed certificate or diploma program that are accepted for transfer credit into a degree program.

Career Laddering - using a previously earned post-secondary credential to enter another program at a higher level.

For example, a graduate of the Accounting Assistant certificate from NorQuest can transfer to Grant MacEwan into the Management Studies diploma program. Once the diploma is complete, a student can transfer to Athabasca University into the post diploma Bachelor of Administration.

Certificate - a credential granted for the completion of one year or less of full-time study in a specific program.

Course Equivalent – a course for which credit is given by the receiving institution. Wherever possible, a specific course equivalent will be assigned by the receiving institution (e.g. ENGL 1234 = ENGL 456)

Credit – the value given to a course; may be related to the number of hours of instruction.

Letter of Permission – a Letter of Permission from your home institution is your guarantee that, if you successfully complete a course at another institution, your home institution will allow it to count towards your program of study.

Pan Canadian Protocol – a statement dealing with transfer between universities and between provinces. More information at w.acat.gov.ab.ca and www.cmec.ca/postsec/transferability.stm

Receiving Institution – any post-secondary institution a student transfers *to*.

Residency Requirement - number of credits you must complete at an institution in order to graduate from that program.

Sending Institution - any post-secondary institution a student transfers *from*.

Shelf Life - some institutions have time limits for granting transfer credit. Courses with a 'shelf life' are most common in areas such as nursing, business and computer science where up to date curriculum is essential.

Transfer Agreement - an agreement between two institutions (a sender and a receiver) that specifies how the sending institution's course or program will be accepted for (transfer) credit at the receiving institution.

Transfer Courses – courses designed to transfer to another institution.

Transferable Courses - courses designed to complete an institution's own credential, but will transfer to another institution through a transfer agreement.

Unspecified Course - a course that is not close enough in content to a receiving institution course to be given credit for a specific receiving institution course. However, it will transfer as an option.

University Transfer program - First 2 years of a degree-level program taken at a college before transferring to a university of private college with accredited degree program.

Common Questions

Q I eventually want to go a university, but would like to start at a college. How do I figure out what courses to take?

Information regarding University Transfer programs can be found at the end of Section I.

Q Is there a minimum grade required for courses to transfer?

You need to check with the receiving institution to see what their policy is. Not all receiving institutions will accept minimal passing grades on transfer courses.

Q Why doesn't the Guide show how my credits from the University of Lethbridge will transfer to the University of Calgary?

Of Alberta's four universities, Athabasca University is the only one that has transfer to the other three universities.

Formalized transfer between the universities of Alberta, Calgary and Lethbridge only exist in the subject areas of Biological Sciences and Engineering (see Section V).

However, universities normally accept each other's courses for transfer credit *provided they fit within the student's degree program and have been completed with a final grade that meets the institution's minimum grade requirement for transfer credit.* Transfer credit is assessed on an individual basis once students apply to the university. (www.acat.gov.ab.ca/other_transfer_information/PanCanadianProtocol.htm)

Contact the Registrar's Office or the Admissions Office at the institution you want to attend for more information.

Q I want to transfer from Medicine Hat College to a university in another province.

The *Alberta Transfer Guide* only includes agreements between institutions within Alberta, Aurora College in the Northwest Territories and Nunavut Arctic College in Nunavut. Contact the Registrar's Office or the Admissions Office at the institution you are planning to transfer to, to find out how your courses will transfer. In assessing your transfer credit, post-secondary institutions outside Alberta frequently use the *Alberta Transfer Guide* as a guide to determine which of your college courses would transfer to a degree-granting institution in Alberta.

Q I want to transfer from Athabasca University to the University of Manitoba.

Generally, universities accept each other's courses for transfer, *provided they fit within the student's degree program and have been completed with a final grade that meets the institution's minimum grade requirement for transfer credit.* Transfer credit is therefore assessed on an individual basis once students apply to the university. (www.acat.gov.ab.ca/other_transfer_information/PanCanadianProtocol.htm)

Contact the Registrar's Office or the Admissions Office at the institution you want to attend for more information.

Q I want to transfer from the University of British Columbia to a degree-granting institution in Alberta.

Generally, universities will accept each other's courses for transfer, provided they fit within the student's degree program and have been completed with a final grade that meets the institution's minimum grade requirement for transfer credit. Transfer credit is assessed on an indvidual basis once students apply to the university. (www.acat.gov.ab.ca/other_transfer_information/PanCanadianProtocol.htm)

For more information, contact the Registrar's Office or the Admissions Office at the institution you want to attend.

Q I'm taking Biology 101 at Grant MacEwan College. The Alberta Transfer Guide shows that this course transfers to University of Alberta as BIOL 1xx (3). What does the xx mean?

The xx indicates option, elective or unspecified credits. In the above example, Grant MacEwan's Biology 101 would transfer to University of Alberta as 3 credits of 100-level Biology.

This type of credit is awarded when a course is not close enough in content to a receiving institution course to be given a specific receiving institution course number.

Q I'm in a Bachelor of Science program at University of Lethbridge (UofL) and I want to take one of my courses through Athabasca University (AU). The AU course I want to take is shown in the Alberta Transfer Guide as being transferable to UofL. Will I automatically receive credit at UofL once I've completed the course?

You need to have a Letter of Permission from UofL before you register for the AU course.

A Letter of Permission from your home institution (UofL in the above example) is your guarantee that, if you successfully complete the AU course, UofL will allow it to count towards your UofL degree program. Contact the Registrar's Office or the director of your program at your home institution for further information regarding this type of letter.

Q If all my courses are listed in the *Alberta Transfer Guide* as being transferable to a degree-granting institution, are there any reasons why I might NOT receive the credit noted?

Yes, there are a few reasons why you might not receive the credit noted in the *Guide*:

1. The courses need to be appropriate to the degree program to which you're transferring. If you're transferring to a different type of program and/or a different major, there may not be room in the new program for all previously completed courses.

   Keep in mind the number of junior-level courses permitted to count towards a degree differs by institution and by program. If you have completed more junior-level courses than your new program permits, you will not receive credit for the courses that are above the maximum allowed.

2. Most degree-granting institutions have requirements that specify the number of credits or courses you need to complete at the institution that awards your degree (also known as "residency requirements").

   Depending on how many credits you need to complete at the institution that will be granting your degree, you may not receive transfer credit for all previously completed courses.

3. Some Alberta post-secondary institutions have a minimum grade requirement for transfer credit. At these institutions, you will not receive transfer credit if your grade(s) in the course(s) completed elsewhere is below the minimum grade requirement.

Information regarding specific institutions' residency requirements and minimum grade requirements can be found in Section III. In addition, this information and degree requirements are outlined in post-secondary institution calendars.

Q **Can I transfer courses from more than one Alberta institution?**

Yes, if all the courses taken are listed in the *Guide* and are applicable to the receiving institution program you are entering. You must arrange for each institution you attended to submit an official transcript. Most receiving institutions have a limit on the number of courses you can transfer (typically 50% of the courses needed for graduation).

Q **I'm taking courses at Red Deer College and my advisor told me that the courses transfer to University of Calgary; however, I can't find these agreements listed in the current edition of the *Guide* or in the Online *Guide*. Why aren't they listed? Will I receive transfer credit?**

The *Alberta Transfer Guide* is printed every spring. However, courses are evaluated for transfer credit on an ongoing basis throughout the year. As new agreements are finalized, they are added to the *Online Guide* (www.acat.gov.ab.ca). The Online Guide always has the most up-to-date information.

If the course you're looking for does not appear in the Online Guide, send an e-mail to ACAT at acat@gov.ab.ca OR contact the Registrar at the institution where you are taking the course, to find out if the course is being evaluated for transfer credit.

Q **I took courses about 10 years ago and I'm thinking of going back to school this fall to complete my degree. Will I still receive transfer credit for these courses? Where can I find out which of my courses will transfer?**

Some institutions have time limits for granting transfer credit (also referred to as a "shelf life"). Time limits are most common in areas such as nursing, business and computer science where up-to-date curriculum is essential. Refer to the institution's transfer policy in Section III and/or the institution's calendar for more information. As well, you need to use the edition of the *Alberta Transfer Guide* that corresponds to the academic year you completed your courses.

For example, if you took courses at Medicine Hat College in 1990-91 and you now want to complete your degree at University of Lethbridge, you need to use the *1990-91 Alberta Transfer Guide*. If you took courses in more than one academic year, you need to check the appropriate *Alberta Transfer Guide* for each year in which you took courses.

For courses taken in 1993-94 or later, search the Online Alberta Transfer Guide at www.acat.gov.ab.ca. For courses taken prior to 1993-94, send an e-mail to ACAT at acat@gov.ab.ca or call (780) 422-9021, toll-free in Alberta, 310-0000, then dial 422-9021.

Q **Who do I contact if I still have questions?**

For *specific program information*, contact the Registrar's Office at the institution in question as there may be advisors who maintain up-to-date information about the institution's programs. This will also ensure you have the most current program information.

Contact information for the post-secondary institutions involved in the Alberta Transfer System can be found on the back cover.

For general questions about admissions and transfer, e-mail ACAT at acat@gov.ab.ca or call (780) 422-9021, toll free in Alberta, 310-0000, then dial 422-9021.

What is a University Transfer program?

University Transfer (UT) programs are special programs offered at nine public colleges in Alberta. They allow students to begin a degree-level program at a college and then transfer to a university or a private college with an accredited degree program to complete the degree. The colleges typically offer up to two years of university-level courses.

Completion of University Transfer courses does not guarantee admission to degree programs at universities or private university colleges. Admission after completing college courses is competitive. There may be limitations (quotas) on the numbers of students admitted to the degree program. A student must also meet all the admission requirements of the degree-granting institution. This may mean having the appropriate high school courses and average.

How do I know what courses to take at the college?

1. Check the University Transfer program information in your college's calendar. Most colleges have advisors who will be able to help you select the appropriate courses. Some have brochures or other publications to assist you.
2. Check the current calendar from the institution you ultimately want to attend and read the admission and program sections where you'll find answers to these kinds of questions:
    - What are the required courses?
    - How many and what kinds of electives or options are permitted?
    - Which courses do I need to meet the major requirements?
    - How many junior courses am I allowed?
    - How many courses can I transfer from another institution?
    - Will transfer grades be counted for promotion, probation and graduation; or only for purposes of admission to the institution?
3. Choose your courses wisely so that they are **appropriate for the degree program**. If the same degree is offered at another institution, plan to take courses that will also fit that institution's program requirements. You may not be able to gain admission to your first choice but you've kept alternatives open.

    For example, Commerce/Management degrees are offered at the Universities of Alberta, Athabasca, Calgary and Lethbridge, Concordia University College and King's University College.

    Degree program requirements change from time to time so be sure you are using the most recent edition of the degree-granting institution's calendar.

How do I use the Transfer Guide to Plan?

Perhaps your goal is to begin university studies by taking courses in a Red Deer College (RDC) UT program, then you want to transfer to the University of Alberta (UofA) to complete a Bachelor of Arts (BA) in English degree.

1. Go to Section III – carefully read the admissions and transfer information for the institution you plan to transfer to (UofA in the above example).
2. Go to Section IV to read the transfer agreements between the sending and receiving institutions. In this example, RDC and the UofA.

3. If UofA's Calendar says you need ENG 111 or its equivalent to complete UofA's degree, then taking RDC's 210 is appropriate. Be sure to read any footnotes for a specific agreement.

What if I previously completed courses that I now want to transfer?

You need to refer to the *Transfer Guide* for the year in which you took the courses.

Transfer agreements from 1993 to the present are available on line at www.acat.gov.ab.ca. For transfer agreements before 1993, contact ACAT at acat@gov.ab.ca.

Will I get the credit noted in the Guide?

Yes, if the transfer credit indicated is appropriate to the degree program you want to enter (e.g. you're transferring to a similar program and major), you will be guaranteed the transfer credit shown in the Guide.

Admission is competitive and Transfer Credit is awarded after you are admitted.

If you change to an unrelated program there may not be room in your new program for all previously completed courses. As well, some receiving institutions specify a minimum grade for transfer credit. This information can be found in the receiving institution's calendar.

How do I go about transferring?

Let's assume you have taken courses at Keyano College and you wish to complete your degree at The University of Lethbridge (UofL).

1. Apply directly to UofL. Each institution has strict application deadlines!
2. Arrange for Keyano to send a copy of your transcript to UofL. You'll also need to arrange for your high school transcript and any other required documents to be sent prior to the deadline.
3. After UofL processes your application and does an assessment of your transfer credit, they'll let you know if you are successful in gaining admission to the program you wish to enter. They'll also advise you of the transfer credit you will receive.

NOTE: If your marks are good and you apply early, you may benefit from Early Conditional Admission that is offered at many degree-granting institutions. This allows you to register in courses prior to knowing your final grades.

Who should I talk to if I have questions?

We recommend that you first contact the Registrar's Office at the college you want to attend. There may be advisors who maintain up-to-date information about University Transfer programs. Also, you should contact the degree-granting institution to ensure you have the most up-to-date degree program information.

Who is the Alberta Council on Admissions and Transfer (ACAT)?

Established in 1974 as an independent body, the Alberta Council on Admissions and Transfer serves as a body through which stakeholders work co-operatively to ensure effective transferability of courses and programs for the benefits of students.

> **Mission:** to be a catalyst for necessary change and an advocate for learners in the areas of admission and transfer to educational programs.
>
> **Vision:** ACAT learners access post-secondary education through a nationally and internationally recognized admissions and transfer system.

What does ACAT do?

ACAT is responsible for developing policies, guidelines, and procedures designed to facilitate transfer agreements among post-secondary institutions. The framework for these admissions and transfer is contained in the Council's *Principles, Policies, and Procedures*, found at www.acat.gov.ab.ca. The *Terms of Reference* can also be found online.

ACAT also plays an active role in the implementation of these policies through monitoring, mediation, and research. Council has a continuing responsibility for facilitating improvement in communications and working relationships among institutions regarding the admission of transfer students and the award of transfer credit.

An important activity of Council is to maintain a database of negotiated and approved transfer agreements between post-secondary institutions. This Information is accessible either by using the Online Alberta Transfer Guide at www.acat.gov.ab.ca or the annual printed *Alberta Transfer Guide*.

Post-Secondary Institutions' 2004-2005 Academic Upgrading Courses Acceptable for Admission to Alberta Universities and Private Colleges with Accredited Degrees

These courses reflect the common policies of the receiving institutions in recognizing courses taken in 2004-05 at these sending institutions that are acceptable for admission purposes in lieu of Alberta 30-level courses. ONLY COURSES THAT ARE ACCEPTED IN COMMON BY ALL RECEIVING INSTITUTIONS ARE INCLUDED. The following are receiving institutions: University of Alberta, University of Calgary, The University of Lethbridge, Canadian University College, Concordia University College of Alberta and The King's University College. Athabasca University has an open admissions policy which does not require high school prerequisites.

1. The chart reflects the **common policies** of Alberta's universities and private university colleges in recognizing courses taken in other provinces that are acceptable for admission purposes in lieu of Alberta 30-level courses. The information is accurate as of the revision date, but **subject to change without notice**. The chart is **not** exhaustive: only courses that are accepted in common by all 8 institutions are included. In addition, individual institutions **may accept other courses** for admission purposes. For further information on acceptable courses, contact the institution directly. Note: Athabasca University has an open admissions policy which does not require high school prerequisites for admission to the University.
2. The chart refers to courses offered during the **2004-2005 school year** and is not a cumulative or historical table. Courses completed in prior years may be acceptable for admission purposes. The chart is advisory only and is intended for information, particularly for high school educators.
3. At CUCA, subjects classified under "Other Soc Studies" may be used only in lieu of Social Studies 30.
4. Geography 12 or Comparative Civilizations 12 is acceptable, except at UofC where Comparative Civilizations 12 is only acceptable as a non-academic option subject.
5. UofC will also accept MGA4U to satisfy the Math (Algebra) requirements. Applicants to Engineering must present both MCB4U and MGA4U.
6. Applicants to UofA and UofC cannot present both History 121 or 122 and World Issues 120.
7. Applicants to UofA and UofC can present only 1 of World History 3201 and World Problems 3204 or Global Issues 3205.
8. While accepted for admission purposes, these courses may be applied in different ways by the institutions. For further information on acceptance of out-of-province courses by Alberta's universities and private university colleges, please contact the appropriate institution. For contact information, please refer to Section III.
9. For information on acceptance of out-of-province courses by other Alberta post-secondary institutions, please contact the institution's Registrar.

ACAD

ALBERTA COLLEGE OF ART & DESIGN

Alberta College of Art & Design (ACAD) is authorized under the Colleges Act to offer four-year Diploma in Visual Arts, Bachelor of Fine Arts and Bachelor of Design degree programs.

Admission Requirements

Admission to ACAD is competitive and is based on demonstrated skills at the appropriate level, interest in the programs offered by the College, the ability to benefit from the curriculum, and commitment to the visual arts and design as determined by the Admissions Committee. Admission decisions are based on an assessment of academic transcripts, a personal statement and a portfolio. While the portfolio is the primary criterion for admission to the College, all applicants must satisfy the minimum Academic and English Proficiency Requirements. The Admissions Committee's decisions are final and binding. Admission to the College does not guarantee subsequent admission to a restricted major.

Applicants must possess an Alberta High School Diploma, or its equivalent, with an average of at least 60% calculated on four grade 12 subjects including one of the following:

1. English 30 or English Language Arts 30-1 with a minimum grade of 60%; or
2. English 33 or English Language Arts 30-2 with a minimum grade of 65%; or
3. Equivalent courses as determined by the Admissions Office

Note 1:
It is recommended that applicants who intend to major in the Media Arts & Digital Technologies (MADT) successfully complete Pure Mathematics 30 and a 30-level Science (Physics 30 is strongly recommended).

Canadian citizens or permanent residents/landed immigrants who have not completed high school or do not possess ACAD's academic requirements for admission, but are 21 years of age or older by the first day of classes of the term to which they are seeking admission, may be considered for admission as mature applicants provided they possess one of the following:

1. English 30 or English Language Arts 30-1 with a minimum grade of 60%; or
2. English 33 or English Language Arts 30-2 with a minimum grade of 65%; or
3. Equivalent courses as determined by the Admissions Office

Mature applicants should refer to Note 1 above concerning academic recommendations for the Media Arts & Digital Technologies Program.

Mature applicants should note that the Photography Major has a science and mathematics component. It is strongly recommended that applicants considering Photography as a major have completed courses in Mathematics and Science at the 20 level (Grade 11) or equivalent.

Applicants from outside Canada must possess the equivalent of an Alberta High School Diploma with a minimum average of 60% or its equivalent in the final year of study, as determined by the Admissions Office.

International applicants should refer to Note 1 above concerning academic requirements for the Media Arts & Digital Technologies Program.

All applicants must satisfy the minimum English Proficiency requirement as set out in the ACAD calendar. Applicants whose first language is not English may be required to achieve a score of 560 on the paper-based or 220 on the computer-based Test of English as a Foreign Language (TOEFL).

Transfer Credit

Alberta College of Art & Design may award transfer credit for courses completed at other post-secondary institutions upon a student's successful admission to a college program. The amount of transfer credit awarded is limited by the College Residency Policy, which states that at least 50% of a student's program must be completed at ACAD.

ACAD will consider for transfer credit only those courses completed at post-secondary institutions that are applicable to the ACAD degree or diploma program as determined by the Registrar's Office. Transfer credit is awarded by the Registrar's Office in accordance with the transfer agreements outlined in this publication or on the recommendation of the applicable Head of Major. The following limits and conditions apply:

1. Only those courses completed with a grade of "C" or better will be considered for transfer credit.
2. Only those liberal studies courses completed at the university or university transfer level, as determined by the Registrar's Office, will be considered for transfer credit.
3. Courses in science beyond the introductory level and career related courses, as determined by the Registrar's Office, will only be considered for transfer credit if completed within ten years of the current academic year. Studio art courses

taken more than ten years prior to the current academic year may be considered for transfer credit upon portfolio assessment. Special requests outside these time constraints may be directed to the appropriate Department Chair.

4. Where courses have been completed in subjects other than those specified in the ACAD curriculum, the Registrar's Office may award unspecified general studies credit to a maximum of 12 elective credits at the second year level or beyond.

ACAD will also consider for transfer credit International Baccalaureate courses and Advanced Placement courses provided they are completed with grades of "4" or "5" (for IB courses) and "5" or higher (for AP courses).

Advanced Standing

Applicants must have previous post-secondary art education to be considered for advanced standing to a second or third year major program. Advanced standing admission and placement will be determined through an evaluation of previous course work and level of portfolio achievement. All advanced standing applicants must have at least the equivalent to ACAD's First Year Studies Program, as determined by the Admission's Office.

ALLIANCE UNIVERSITY COLLEGE

Alliance University College (AUC) was founded in Regina, Saskatchewan on September 29, 1941 and chartered by the Saskatchewan Government as a private educational institute in 1949. In 1961, the college was granted institutional accreditation by the Accrediting Association of Bible Colleges (now known as the Association for Biblical Higher Education) under the name of Canadian Bible College.

In the late 1960s, the College developed a seminary program, which opened in the Fall of 1970. Canadian Theological College was approved as an affiliate of the University of Regina in June of 1973. In 1989, the seminary program was granted full accreditation with the Association of Theological Schools in the United States and Canada and became Canadian Theological Seminary (CTS).

In February of 2004, CBC/CTS was approved by Alberta's Minister of Learning to offer 3-year and 4-year Bachelor of Arts degrees accredited by the Private Colleges Accreditation Board (now Campus Alberta Quality Council). To reflect this broader range of programming, Canadian Bible College/Canadian Theological Seminary changed its name once again to Alliance University College (AUC).

Collaborative programming with Nazarene University College offers students a wider selection of programs and courses than could be offered by independent operation. AUC-NUC offers a combined course schedule. All courses are available to all students regardless of the College in which they are registered.

Canadian Bible College now refers to AUC's School of Ministry, offering programs leading to professional ministry within churches and other faith-based organizations. These programs are integrated into the University College and take full advantage of the academic resources of AUC-NUC.

Admission Requirements

The admission requirement for entrance to any AUC program with regular student status is high school graduation with 5 senior matriculation-level courses including English and Mathematics or a second language, with a minimum overall average of 60% or higher on the five courses. The other 3 senior-level courses must be from Lists A and B in the AUC-NUC Academic Calendar.

Transfer credit policy

Transfer credit may be granted for studies at recognized institutions. Evaluation of transfer credit is done by the Registrar at the time of a student's admission to a particular degree program and requires the submission of official transcripts, sent directly from the institution where the credits were earned.

Transferring students must be in good standing with their previous institution and, to be considered for transfer, a course must be equivalent or near to the equivalent of a degree requirement, or fit within the maximum number of elective hours allowed in the particular degree program selected.

Applicants wishing to transfer credits should take note of the following:

- As courses taken at Alliance University College (AUC) and Nazarene University

College (NUC) are considered to fulfill the residency requirements at both colleges, the usual restrictions on transfer credit do not apply to students moving between AUC and NUC.

- A student must have earned a grade of not less than C in all courses for which credit transfer is desired;
- Credits gained by correspondence from an accredited school are transferable up to a maximum of 15 credit hours;
- A minimum of 45 credits for all 3-year degree programs and 60 credits for all 4-year degree programs must be completed at AUC-NUC. Transfer students are normally required to complete the last 30 hours in residence at AUC-NUC in order to qualify for graduation;
- All transfer credit evaluations are program specific. A change of degree program may therefore result in alterations to transfer credits awarded;
- Grades from transfer credits are not considered when calculating the student's GPA or cumulative GPA;
- Credit is given for courses taken at universities, community colleges, or ABHE accredited colleges, provided such courses meet degree requirements, subject to certain limitations.
- AUC only: transfer from non-accredited institutions is determined on an individual basis.

Athabasca University
Canada's Open University

Athabasca University (AU) is dedicated to the removal of barriers that traditionally restrict access to and success in university-level studies, and to increasing equality of educational opportunity for all adult Canadians regardless of their geographic location and prior academic credentials. AU has a general mandate from the Government of Alberta to provide university education through distance education, the provision of lecture courses in smaller centres and the use of various forms of technology to deliver educational experiences. AU is unique in nature as students may enroll in programs and register in courses year round.

Admission Requirements

AU has an open admission policy. There are no formal high school prerequisites for admission to the University. Applicants, however, must be at least 16 years of age or older. Exceptions require consideration by the Registrar.

Past performance at other educational institutions does not hinder admission to the University but may bar enrollment in the Bachelor of Commerce or the Bachelor of Nursing programs. Nonetheless, enrolment in some programs of study and/or registration in some courses may be restricted or limited because of resource restrictions, academic achievement, and/or location of residence.

A foreign national who is temporarily residing in Canada may be admitted to AU and enrolled in a program of study leading to a degree or university certificate providing the person has satisfied all enrolment restrictions which have been placed upon that program of study, and providing the person has ensured that all requirements and regulations as laid down by Employment and Immigration Canada have been fulfilled. A foreign national who is residing outside North America shall be eligible for admission to the University providing the person has satisfied all enrolment restrictions which have been placed upon that program of study.

Credit-Coordination and Transfer Credit

AU is committed to: individualized distance education; credit coordination; credit transferability; the assessment of prior learning and other forms of learning accreditation. For practical purposes, this means that:

1. AU will give careful consideration to the awarding of transfer credit for university-level work undertaken at a wide variety of institutions;
2. Credit courses completed at other Alberta degree-granting institutions will be accepted as transfer credit if they are applicable to the student's AU program of study;
3. A maximum of 6 credits at the preparatory-level (100) may be considered for transfer toward a first degree in some degree programs.
4. Courses with a minimum passing grade (as defined by the institution where the course was taken) will be considered for transfer credit.
5. Credit is not normally granted for field placement, professional seminars, work experience, life experiences or elementary

skills except through the completion of the "Challenge for Credit" process. Prior Learning Assessment may allocate credits for these items through the Centre for Learning Accreditation.

Programs of Study

AU offers certificate, diploma and degree programs at the undergraduate level; advanced graduate diplomas and Master degree programs.

Aurora College

Your Career Starts Here

Aurora College delivers programs at three campuses, 13 community learning centers and other community sites in the Northwest Territories.

Admission Requirements

Admission requirements for programs may vary from one program to another. Please check the detailed program sections of the College calendar for program-specific admission requirements. Applicants who do not have the academic requirements for entry may be admitted as mature students. A mature student must be 20 years of age or older, and have been out of school for at least one year. Mature applicants will be required to complete the Aurora College Placement Test.

Transfer Credits

Aurora College recognizes that learning experiences from other post-secondary educational institutions may be formally acknowledged by credit. The Office of the Registrar will coordinate all transfer credit requests and all decisions will be reviewed with the appropriate Program Head. Assessments will be done on an individual basis. All transfer credit requests must be submitted in writing along with official transcripts, and course detail information. In some cases, additional information may be required. Any student who has completed the equivalent of a College course at another institution with a completion grade of 60% or higher may apply for transfer credit. The maximum amount of credit which may be awarded from outside the College is 40% of the total credits necessary for graduation. Exceptions may be approved by the President.

The College has a variety of credit transfer arrangements with institutions and organizations. Additional information on transfer credits can be obtained from the Registrar.

THE BANFF CENTRE

The Banff Centre is Canada's only multidisciplinary arts environment devoted to professional development and lifelong learning for artists. Artists can participate in a broad selection of programs geared toward individual and group transformation. Some residencies allow learning through project creation, experimentation and peer interaction, while others offer the more traditional workshop or master class environment. Artists are offered the best possible setting for professional learning, a real life hands-on activity.

The Banff Centre is not a degree-granting institution nor does The Centre design its programs to specifically meet the requirements of the degree-granting institutions of Alberta. Acceptance into programs is subject to a selection process in which each artist's demonstrated ability and commitment are carefully assessed. Depending on the program, adjudication may be based on consideration of live or taped auditions, interviews, portfolios, written submissions and experience. Final acceptance to programs is at the discretion of adjudicators and faculty. In some programs, artists may be invited to attend without proceeding through the application/adjudication process. Academic achievement is not a major criterion. Artists would be unlikely to "transfer" from or to The Banff Centre, rather they are most likely to attend at some point mid-way through a career or just prior to commencing a career in the arts but after completing formal studies. Some students may attend summer arts programs concurrently with attendance at another institution.

BOW VALLEY COLLEGE

Bow Valley College is a board-governed, public college. Learning is the College's core strategic direction. As a learner-centered organization, Bow Valley College provides high-quality lifelong learning opportunities for workforce preparation and development.

Programs offer learners a vehicle to enter the workforce quickly with an array of programs that launch learners into new careers. Flexible delivery methods and program design enable learners to take the programs that best meet their situation, whether newly entering the workforce or upgrading their skills. Key career competencies include certificate and diploma programs in Health and Human Services and Business and Industry Training. Bow Valley College also offers programs such as Academic Upgrading and English as a Second Language which help learners develop foundational skills for lifelong success.

Admission Regulations

Applicants are accepted on a first qualified, first accepted basis. Entrance requirements for all programs are in the College calendar and may include a need for specific assessments and/or transcripts. Contact the Office of the Registrar for particular program requirements.

Transfer Credit Guidelines

Applicable course work completed at other recognized or accredited post-secondary institutions will be considered for possible transfer credit towards a Bow Valley College post secondary program. Applicants may be required to provide further documentation to support their request for transfer credit.

Transfer credit will only be granted for students who have applied to and been accepted into a Bow Valley College program.

The amount of transfer credit is limited to the Bow Valley College general residency requirement which states that at least 25% of a program must be completed at Bow Valley College.

Prior Learning Assessment and Recognition

Bow Valley College assesses the prior learning of applicants to its programs and courses. Upon request, prior learning assessments will be available to members of the community at large. Any adult may ask Bow Valley College for an assessment of their prior learning. It is not required that the person be an applicant to or a student of the College.

CANADIAN UNIVERSITY COLLEGE

Canadian University College (CUC) was first authorized to grant degrees by the Government of Alberta on 5 September 1991 under provisions of the Universities Act. CUC currently has authority to offer the following degrees: 3-year Bachelor of Arts and Bachelor of Science; 4-year Bachelor of Arts in Adventure Based Counseling, Behavioral Science, English, Music and Religious Studies; a 4-year Bachelor of Business Administration; a 4-year Bachelor of Education in Elementary and Secondary; and 4-year Bachelor of Science in Biology and Psychology.

Admission Requirements

Applicants to CUC must meet regular admission requirements (possess an Alberta High School Diploma or equivalent with passing grades of 60% or higher in the diploma examinations for the subjects required for entrance into the program of study), or satisfy alternate admission requirements as published in the academic calendar.

Transfer Credit Policy

1. Advance credit may be granted for studies completed at other post-secondary institutions, provided that they are appropriate to the student's program at CUC.
2. For advance credit consideration, applicants must submit official transcripts from each college or university attended.
3. Advance credits are limited by the residence requirement of CUC.

CONCORDIA
University College of Alberta

GOOD FOR LIFE

Concordia University College of Alberta was first authorized to grant degrees by the Government of Alberta on 16 July 1987. Concordia currently has authority to offer the following degrees: 3-year Bachelor of Arts and Bachelor of Science; 4-year Bachelor of Arts in English, Music, Psychology (Applied Emphasis), and Religious Studies (also Applied Emphasis); 4-year Bachelor of Science in Biology, Chemistry, Environmental Science and Mathematics; 4-year Bachelor of Management; 2-year Bachelor of Education (After Degree) in Elementary Education and a Bachelor of Environmental Health (After Degree); and after degree diplomas in Information Systems Security and Career Development. Concordia is a member of the Association of Universities and Colleges of Canada (AUCC).

Admission Requirements

Admission to Concordia's faculties is outlined in the current calendar. Normally, standard admission to the faculty of Arts and Science is offered to those presenting a minimum overall average of 60% on 5 appropriate Alberta 30-level subjects, or equivalent. Admission to the B.Mgt. program is competitive and requires a minimum overall average of 65% on 5 appropriate Alberta 30-level subjects, or equivalent. Admission to the BEd (AD) and BEH (AD) programs is competitive and requires an undergraduate degree and other specific requirements.

Special admission may be offered to students not presenting the requirements for standard admission. Individuals aged 21 years and over, or others in special circumstances, should contact the Admissions and Financial Aid Office for information on special admission.

Transfer Policy

1. Transfer credit may be granted for studies successfully completed at other post-secondary institutions, provided that they are appropriate to the student's program at Concordia.
2. For transfer credit consideration, applicants must submit complete official transcripts of all prior post-secondary studies.
3. The minimum acceptable course grade for transfer credit to be considered is a "D" (1.0) on Concordia's grading scale, or the equivalent.
4. Transfer credits are limited by the residency requirement. For more complete information on the residency requirement for specific programs, consult the current academic calendar.

DeVry
Institute
of Technology

DeVry - Calgary was first authorized to grant degrees by the Government of Alberta on 30 January 2001 under provisions of the Universities Act. DeVry - Calgary currently has the authority to offer the following degrees: 4-year Bachelor of Technology in Computer Information Systems, 4-year Bachelor of Technology in Electronics Engineering Technology; 4-year Bachelor of Business Operations.

DeVry - Calgary provides career-oriented undergraduate programs in business and technology to high school graduates and working adults. DeVry's technology-based degree programs integrate general education with industry-specific coursework to enhance graduates' personal development and career potential. DeVry also assists students in attaining their career goals outside of the classroom by providing assistance with part-time and post-graduate career opportunities.

Admission Requirements

The following specific requirements must be met regarding age, prior education and evaluation proficiency in the basic prerequisite skills needed for college-level work in the chosen field of study.

Age Requirement - Each applicant must be at least 17 years old on the first day of classes. Documentation of age may be required.

Prior Education Requirement - Each applicant must be a high school graduate, hold a General Educational Development (GED) certificate or have an acceptable diploma or degree from an approved post-secondary institution. For specific documentation submission deadlines, please contact DeVry directly. Qualified applicants to freshman-level-entry programs who do not have a high school diploma, GED certificate or post-secondary diploma may seek admission as mature students.

Note: For applicants to the Information Technology Program (IT) and for applicants wishing to enroll in Accelerated or Online Coursework, see DeVry-Calgary's calendar, for additional admission requirements, particularly sections: *Admissions Requirements for Selected Programs* and *Additional Admissions Requirements for Selected Applicants* for further admission information.

Prospective students who have special situations, including those who live outside North America, are nonnative speakers of English, are home schooled, or are not seeking degrees, should contact:

Transfer Credit

An applicant seeking to transfer credit from another institution must request a credit evaluation prior to the first semester at DeVry-Calgary and must provide an official transcript from the institution where the credit was earned. DeVry may require a calendar or additional material or, if credits were earned at a foreign institution, a credit evaluation by an approval external evaluation service. A maximum of 80 DeVry credit hours may be awarded for lower division or community college courses, subject to DeVry's residency requirements for the chosen program. Students attending DeVry who seek to earn credit at another institution for transfer to DeVry must have approval to do so in advance from a DeVry academic administrator.

GPRC

In addition to certificate and diploma programs, Grande Prairie Regional College (GPRC) was authorized in 1995 under the Colleges Act to offer the applied degree program in Applied Forest Resources Management.

Admission Regulations, General

1. High School diploma, or
2. Age of 18 years or older

NOTE: English 30, Biology 30, Chemistry 30 and Math 30 (or equivalents) are prerequisite to the core courses of this program. The Math requirement for admission to the Applied Forest Resources Management degree may be met by either Math 30 Pure or Applied.

Either of the above will secure admission to GPRC, but not necessarily direct entrance to the desired program. An applicant deficient in prerequisites for a specific program will be admitted to an appropriate academic development or combined program.

Transfer Credit Regulations

Advance credit may be granted for studies completed at other post-secondary institutions so far as the courses completed are suitable to the program in which the candidate is enrolling, and in keeping with the academic regulations of the instructional division/department concerned. Official transcripts must be provided by the applicant. Direct inquiries to the Registrar.

Challenge Credit

In some courses an applicant may obtain credit by successfully challenging an examination set by the department concerned. Application must be made through the Office of the Registrar.

MACEWAN

In just 34 years, Grant MacEwan College has emerged as the largest institution of its kind in Alberta, serving more than 42,000 learners annually. MacEwan is a significant player in providing much-needed access to quality post-secondary education. MacEwan presently offers more than 70 programs in areas that include business, health and human services, performing, visual, and communications arts, and university transfer. The college is the largest transfer institution in the province.

MacEwan has ambitious plans for the future. The first MacEwan residence opens in September 2005, and a health care learning centre is just around the corner.

Admission Regulations

Admission requirements to Grant MacEwan College programs are posted on the college website and published in the MacEwan Calendar. Applicants are encouraged to apply and submit transcripts early. Limited space is available and not all applicants who are eligible may be admitted. When admission becomes competitive, selection will be based on academic performance and the overall assessment of other specified criteria for admission. Applicants should anticipate that admission is competitive.

Applicants must qualify under the admission categories of Regular, Mature, or Transfer. University transfer programs require specified Alberta 30 level courses with minimum averages of 65 per cent. Most career programs offering certificates or diplomas require a general Alberta high school diploma or its equivalent for Regular admission. Mature admission applicants must be 18 years of age or over and out of school for at least one year. Certain programs have higher age requirements, and several require completion of specified high school or post-secondary courses with particular grade averages. Most applicants must complete an appraisal of their writing and reading skills (for some programs, other skills as well) to ensure that they are academically prepared for MacEwan programs. Career programs offering post-diploma or applied degrees require specified high school subjects and averages or particular previous successful post-secondary study.

Transfer Credit Regulations

Applicants who have been accepted into Grant MacEwan College programs may be granted advanced credit. This advanced credit may be obtained by Transfer Credit, or through Prior Learning Assessment and Recognition (PLAR). Transfer of academic credit involves the examination of previous educational credentials from a post-secondary institution or professional association, and is awarded after a review of supporting documentation and an individual's official transcript. Prior Learning Assessment and Recognition (PLAR) involves the assessment and evaluation of learning acquired through work experiences compared to course or program learning outcomes for which credit is being sought. Typical formats include written examinations, oral examinations, interviews, portfolio review and psychomotor skills assessment. Credits accumulated through Transfer Credit and PLAR must comply with the College Academic Residency Requirements policy, which stipulates that at least 50 per cent of the credits shall consist of courses completed through Grant MacEwan College.

THE KING'S UNIVERSITY COLLEGE

Christian University Education

The King's University College was first authorized to grant degrees by the Government of Alberta on 12 March 1987 under provisions of the Universities Act. King's currently has authority to offer the following degrees: 3-year and 4-year Bachelor of Arts and Bachelor of Science, 4-year Bachelor of

Commerce, 4-year Bachelor of Music and 2-year Bachelor of Education (After Degree) in Elementary Education.

King's is a member of the Association of Universities and Colleges of Canada (AUCC).

Admission Requirements

King's admits students with a 60% average in 5 specified high school courses, as described in the King's calendar, or on the basis of appropriate post-secondary studies. Students from non-accredited high schools will be considered on a case-by-case basis. By means of the Mature Students Admission category, students over 21 are admitted without meeting the normal high school requirements. These students, and international students, may be required to write entrance tests and English proficiency tests. A student may also enroll in a single course as an unclassified student without meeting the normal entrance requirements or may enroll in courses as a visiting student with a letter of permission from another Alberta post-secondary institution. Admission to the BEd (AD) requires the applicant possess an earned baccalaureate comprising a minimum of 90 credits.

Transfer Policy

Students in good standing in their past work in a Canadian university or other post-secondary institution may apply for admission to King's. Students must submit official transcripts of their entire post-secondary experience. Omissions will result in immediate dismissal without appeal.

1. Courses offered at other recognized degree-granting institutions are normally acceptable for transfer credit, provided they are appropriate to the student's program. Students may be required to provide to the Registrar's Office a course calendar and course outlines.
2. Only courses with a grade of "C-" (alpha 4.0 scale) or better will be considered for transfer credit in the BA, BSc, BCom or BMus major or area of concentration, and only courses with a grade of "D" (alpha 4.0 scale) or better will be considered for transfer credit in all other cases. Only courses with a grade of "C-" (alpha 4.0 scale) or better will be considered for transfer credit in the BEd (AD) program.
3. Since a maximum of 18 credits of what is considered a professional nature are accepted as meeting BA, BSc or BMus graduation requirements, no more than 18 credits of such a nature will be accepted for transfer credit except in the BA in Business Administration. Courses of a professional nature must be deemed to be relevant to the King's program.
4. Transfer credit will not be granted for more than 60 credits toward BA, BSc, BCom or BMus graduation requirements and 9 credits toward BEd graduation requirements. Transfer credit may also be limited by other factors such as allowable number of junior courses and relevancy.
5. Eighteen of the last 30 credits of the degree program must be completed at King's.
6. Normally students must complete at least 50% of the courses required for their major, minor, first and second concentration at King's.
7. Students who have earned International Baccalaureate or Advanced Placement Program credits will be considered for advanced standing or college credit. They will be evaluated individually to determine what credit, if any, they should receive for their International Baccalaureate or Advanced Placement Program work.
8. Applicants may expect to transfer Bible college credits from institutions which are accredited by the Accrediting Association of Bible Colleges. Courses must be relevant to the student's program requirements at King's and may be assigned less credit than that granted by the issuing institution. Courses of a professional (e.g., missions, counseling, personal development) or restricted denominational nature will not be transferable.

Challenge Examinations

Students currently enrolled at LCC and who have previous work experience or training may challenge comprehensive examinations to demonstrate knowledge equivalent to achieving a passing grade in a particular course. Challenge examinations may be part of the prior learning assessment process.

Advance Credit

Advance credit may be available to students for previous course work under the following guidelines:

1. Official transcripts must be forwarded to the Registrar prior to advance credit assessment. Advance credit awarded is contingent upon the applicant's admission and registration in a specific program.
2. Registrar's Office will complete the evaluation and notify students of the advance credit awards.
3. Credits awarded through advance credit assessment are not counted in the residency requirement at LCC.
4. Only courses in which students have earned a passing grade will be evaluated for advance credit. LCC will accept the definition of passing grade as defined by the institution issuing the grade.
5. Courses more than 7 years old will only be considered for advance credit upon the recommendation of the Program Head. In the case of Nursing, courses more than 5 years old will only be considered for advance credit upon the recommendation of the Program Head.

MASKWACHEES CULTURAL COLLEGE

Maskwachees Cultural College has existed as a cultural college since 1974 and was authorized by the Maskwachees Cultural College Act in 1988 to offer certificate and diploma programs. College preparation, and technical and vocational programs are offered along with a two year university transfer program. Academic courses are taught within the context and processes of indigenous philosophy. This is described fully in the general calendar.

Admission Requirements

Specific requirements for admission to each program are outlined under the program description in the calendar.

Transfer Policy

Credits for courses completed at other institutions are granted upon presentation of official transcripts and review by the Program Head for equivalence to program requirements.

Medicine Hat College

Admission Regulations

Admission to Medicine Hat College (MHC) depends upon successfully meeting the admission requirements which differ with the various programs. Specific admission requirements are clearly outlined in the MHC calendar. Early Childhood Development, Social Work, Police and Security and Addictions Counseling programs may require personal interviews before final selection. A policy on admission of home schooled applicants is in place.

Transfer Credit

1. All advanced credit decisions, including transfer credit and recognition of prior learning, are coordinated through the registrar's office.
2. Advanced credit may be granted for courses completed at recognized public and private universities, colleges and technical institutes. Assessments are completed on an individual basis and use the *Alberta Transfer Guide* as the basis of information.
3. The most flexibility for granting advanced credit is found within the requirements of MHC certificate, diploma and applied degree programs and MHC has the authority to grant advanced credit for these programs. This same authority does not apply to University Transfer programs as the authority to award advanced credit and the Bachelors degree is held by the various universities.
4. MHC will accept only those courses for advanced credit with a grade of "C-" or better provided that these courses can be directly equated to courses offered at MHC for specific MHC certificate, diploma or applied degree programs. Transcripts must accompany the request. A grade of "D" (passing grade) may be accepted in university collaborative or partnered programs such as Nursing and Addictions Counselling where the partnering university observes the Pan-Canadian Protocol. Courses transferred from other institutions will not enter into the grade point calculations.
5. In order to receive a MHC certificate, diploma or applied degree, all students should complete 40% of the course content at MHC.

Recognition of Prior Learning

MHC has policies and procedures for awarding credit for life and work experience that may be relevant to some certificates, diplomas and applied degrees. The evaluation of the applicability of the prior life and work experience may be done through a variety of assessment approaches.

Transfer Arrangements

1. MHC makes every effort to ensure the smooth transfer of students to other educational institutions. MHC is in touch with UofC, UofA, UofL and AU on a regular basis regarding course and program changes. The Universities of Regina and Saskatchewan are also contacted frequently to be sure that students from Saskatchewan can transfer from MHC to the Saskatchewan universities. For further details on

the University Transfer programs offered at MHC, please refer to the MHC calendar.

MOUNT ROYAL COLLEGE

Founded in 1910, Mount Royal College (MRC) is one of Alberta's oldest post-secondary institutions and currently offers applied degree, diploma, certificate, University Transfer and general education programs in a broad array of disciplines.

General Admission Regulations

Admission to MRC is competitive and as such admission will be granted to those applicants who have the highest average based on the conditional admission criteria for each admission category below. In some cases applicants will be required to submit additional information for evaluation.

There are three categories of admission to MRC:

1. High School Standing
2. Post-secondary Standing
3. Mature Standing

For general admission requirements for the College and for specific program requirements, please visit our web site at www.mtroyal.ca

Transfer Credit Regulations

1. Transfer credit based on course work completed at other recognized or accredited post-secondary institutions will be assessed only upon a student's admission to a certificate, diploma or applied degree and receipt of the official transcripts.
2. The amount of transfer credit that may be awarded is limited by the Residence Requirement which specifies at least 50% of the course work required for a MRC parchment must be completed at the College.
3. Transfer credit will be considered only for courses which do not duplicate in content previously completed courses.
4. As deemed necessary by the Office of the Registrar applicants may be required to provide detailed course outlines, a list of textbooks used, and any other documentation needed to assess courses for transfer credit. The final decision regarding transferability or equivalence of course work completed at other post-secondary institutions will be made at the discretion of MRC's Registrar, acting on the advice of the appropriate department chair(s).

Prior Learning Assessment and Recognition

A limited number of courses may be completed by Prior Learning Assessment and Recognition. Application for credit by prior learning assessment must be made through the Office of the Registrar prior to the beginning of each semester.

NAZARENE UNIVERSITY COLLEGE

Nazarene University College, established in 1921, was authorized to grant degrees by the Government of Alberta in November 1999. NUC currently has authority to offer 3- and 4-year Bachelor of Arts degrees.

Collaborative programming with Alliance University College offers students a wider selection of programs and courses than could be offered by independent operation. AUC-NUC offers a combined course schedule. All courses are available to all students regardless of the College in which they are registered.

Admission Requirements

The admission requirement for entrance to any NUC program with regular student status is high school graduation with 5 senior matriculation-level courses including English and Mathematics or a second language, with a minimum overall average of 60% or higher on the five courses. The other 3 senior-level courses must be from Lists A and B in the AUC-NUC Academic Calendar.

Transfer Credit Policy

Transfer credit may be granted for studies at recognized institutions. Evaluation of transfer credit is done by the Registrar at the time of a student's admission to a particular degree program and requires the submission of official transcripts, sent directly from the institution where the credits were earned.

Transferring students must be in good standing with their previous institution and, to be considered for transfer, a course must be equivalent or near to the equivalent of a degree requirement, or fit within the maximum number of elective hours allowed in the particular degree program selected.

Applicants wishing to transfer credits should take note of the following:

- As courses taken at Alliance University College (AUC) and Nazarene University College (NUC) are considered to fulfill the residency requirements at both colleges, the usual restrictions on transfer credit do not apply to students moving between AUC and NUC.
- A student must have earned a grade of not less than C in all courses for which credit transfer is desired;
- Credits gained by correspondence from an accredited school are transferable up to a maximum of 15 credit hours;
- A minimum of 45 credits for all 3-year degree programs and 60 credits for all 4-year degree programs must be completed at AUC-NUC. Transfer students are normally required to complete the last 30 hours in residence at AUC-NUC in order to qualify for graduation;
- All transfer credit evaluations are program specific. A change of degree program may therefore result in alterations to transfer credits awarded;
- Grades from transfer credits are not considered when calculating the student's GPA or cumulative GPA;
- Credit is given for courses taken at universities, community colleges or ABHE accredited colleges, provided such courses meet degree requirements, subject to certain limitations.

NorQuest COLLEGE

NorQuest College is a board-governed, public college. Its academic upgrading, language training, business, industry, health and human service certificate programs are designed to bridge students to employment or further study.

Admissions Regulations

The entrance requirements for all programs are in the College calendar. Applicants are 18 years of age or older. NorQuest offers extensive assessment services to assist in the recognition of prior learning at the secondary level. Applicants not presenting full academic admission requirements are encouraged to take advantage of this free service.

Transfer Credit

Credit may be granted to applicants who have completed courses at other recognized post-secondary institutions. For transfer credit consideration, applicants must submit official transcripts to NorQuest at the time of application.

To be eligible for transfer credit students must present courses:

a) which are equivalent to current courses offered at the College,
b) which are applicable to the applicant's program,
c) in which a satisfactory grade has been attained.

THE NORTHERN ALBERTA INSTITUTE OF TECHNOLOGY

NAIT serves within the context of Alberta's advanced education system to design and deliver post-secondary, non-university career training which is effective in terms of meeting student expectations and the skilled manpower requirements of business and industry, and efficient in terms of the use of resources. In addition to certificate and diploma programs, NAIT and SAIT were authorized in 1996 under the Technical Institutes Act to offer a joint applied degree program in Applied Information Systems Technology.

Transfer and Advance Credit

A student with applicable education or experience is encouraged to apply for transfer or advance credit. Credit to be awarded will be determined by the Program Head, on the basis of these guidelines:

1. Transfer or advance credit may be obtained by submitting academic transcripts or documentation to the NAIT Registrar, with a completed NAIT Application for Admission form.
2. A student who has successfully completed year one of a Transfer Program will be accepted into year two of the corresponding NAIT program.
3. A student who has partially completed a Transfer Program may be accepted into the corresponding NAIT program as a Special Student. The sending institution should provide a written recommendation regarding the student's qualifications. The student should send NAIT the recommendation, statement of grades or transcript and a completed NAIT Application for Admission form. An interview of the applicant with the Program Head may be required prior to final acceptance.
4. A student who has completed the academic upgrading program at Lakeland College will be eligible for admission into NAIT programs on the same basis as NAIT Pre-Technology graduates.
5. NAIT will accept the following NorQuest College UCEP courses in lieu of the respective 30-level course: English 90, Math 90, Social Studies 90.

High School Equivalency

An applicant who has the equivalent of a high school diploma will receive credit comparable to NAIT Pre-Technology graduates. Applicants are required to submit a high school transcript along with a completed NAIT Application for Admission form. A career investigation is required for oversubscribed programs.

Quota Limitations

Entry into first year, second year, or a specific option of a NAIT program may be subject to quota limitations.

Honours Diploma, Bursaries, and Awards

Consistent with Council's principle (f) in Section VI-B of this *Transfer Guide*, transfer students will be eligible for Honours standing, bursaries, and awards under the same conditions applicable to all NAIT students, subject to NAIT Academic Policies and Procedures.

Northern Lakes College

ᑭᐁᐧᑎᓄᐦᐠ ᓴᑲᐦᐃᑲᓇ

Northern Lakes College is a board-governed, public college that is multi-community based. It offers a diversity of programs, including academic upgrading, integrated employability, workforce development and career training. The college offers university transfer courses which may be used to complete a Northern Lakes College diploma in University Studies or as part of a degree at a partnering institution. Many of the College's programs are delivered through distance learning technologies.

Admissions Regulations

Applicants seeking admission to the College must be at least 17 years of age. Exceptions are noted under individual program descriptions in the College calendar. In addition, each program may have specific criteria that must be met. Programs and courses that are brokered from other institutions may also have special admission requirements. Some programs have allowances for Admission as a Mature student in lieu of course requirements. Applications are prioritized on a first-qualified, first-accepted basis.

Transfer Credit

Credit may be granted to applicants who have completed courses at other post-secondary institutions. For transfer credit consideration, applicants must submit official transcripts to the College at the time of application.

Assessment for credit is based on whether the courses are:
a) equivalent to courses offered at the College,
b) applicable to the applicant's program, and
c) whether satisfactory grades were attained.

Nunavut
Arctic College

Nunavut Arctic College, which has a head office in Arviat, delivers programs throughout Nunavut.

Admission Requirements

Full-time admission to Nunavut Arctic College is open to anyone who is 17 years of age or older. Exceptions will be considered on an individual basis. The general admission requirements for all programs are as follows:

1. Applicants must be 17 years of age or older and meet academic and other requirements specified for the program.
2. All registrations are initiated by completing a Nunavut Arctic College Application Form and submitting it to the campus the applicant wishes to attend.
3. Applicants who do not possess the academic qualifications for a program are required to complete the Nunavut Arctic College Placement Test. The results of the assessment will determine the placement of the applicant into the program of their choice or recommend a Preparatory program.
4. Following receipt of a completed application, the applicant will be advised in writing, by the Campus Director or designate, of the status of the individual's application.

Transfer Credit Regulations

Nunavut Arctic College recognizes that learning experiences from other educational institutions may be formally acknowledged by credit.

1. Any student who has completed the equivalent of a College course at another institution and attained a completion grade of 60% or equivalent may apply for Transfer Credit.
2. A student must apply to the Campus Director or designate for Transfer Credit.
3. The student is responsible for ensuring that the following information is sent to the Campus Director or designate, as required; i.e., official transcripts, course outlines and evaluation documentation.
4. The application for Transfer Credit will be reviewed by the Campus Director or designate in consultation with the appropriate program staff. The Campus Director or designate will notify the student of the decision.
5. The maximum amount of credit which may be awarded from outside Nunavut Arctic College is 40 percent of the total credits necessary for graduation. Exceptions may be approved by the President.
6. Each program must identify courses which will not be considered for Transfer Credit. Restrictions or exceptional conditions must be published in the approved Program outline and in the College calendar.

OLDS COLLEGE

The place to go places

In addition to certificate and diploma programs, in 1995 Olds College was authorized under the Colleges Act to offer applied degree programs. Olds College currently offers Bachelor of Applied Science with majors in Agribusiness, Golf Course Management, Landscape Management and Production Horticulture.

Admission Regulations

Admission requirements at Olds vary by program and are specified in the College calendar. Olds will accept both Applied and Pure Mathematics for all programs.

Prior Learning Assessment and Recognition

Olds College recognizes that learning is a continual process that is achieved through life and workplace experiences, or other forms of education acquired through attending an institution of one's choice.

Olds is fully supportive of developing ways and means to provide appropriate recognition of a learner's experiences or education.

There are four categories of prior learning assessment:

1. Advanced Standing - transfer credit for previous course work taken at a post-secondary institution that is equivalent to courses offered by Olds.
2. Credit by Special Assessment - Applicants who do not qualify for Advanced Standing or Advanced Placement, but who have acquired skills or knowledge relevant to the competencies of any Olds course, may request and qualify for a challenge examination.
3. Advanced Placement - Learners may be exempted from courses offered at Olds as part of their program, but must substitute other program-related courses to complete graduation requirements.
4. Learning - Experiential learning is considered to be 'uncredentialed' learning which is acquired through work experience (inclusive of employment, practicums, etc.) or life experience. The recency and length of time over which the experiential learning was achieved will be a factor during the evaluation process.

Prior learning assessment forms are provided on application to the College. An application will be sent to all registered students who are encouraged to apply for prior learning assessment prior to September.

PORTAGE COLLEGE

Portage College is a board-governed, public college. It offers a variety of basic academic upgrading, certificate and diploma programs as well as university transfer courses. The primary service area of the College is in the Lac La Biche region and extends to Athabasca in the west and to the Alberta/Saskatchewan border in the east.

Admissions Regulations

The entrance requirements for each program are outlined in the program section of the College calendar.

Admission to all College programs is on a first-qualified, first-admitted basis. General admission requirements are:

1) At least 17 years of age. Exceptions require a case conference review.
2) Canadian citizen or a permanent resident

Applicants should familiarize themselves with the specific requirements of the particular program for which they are applying. Individuals who lack the required academics may be granted admission based on mature status.

Transfer Credit

Credit may be granted to applicants who have completed courses at other post-secondary institutions. For transfer credit consideration, applicants must submit official transcripts to the College at the time of application.

Assessment for credit is based on whether the courses are:

a) equivalent to courses offered at the College,

b) applicable to the applicant's program, and
c) whether satisfactory grades were attained.

PRAIRIE BIBLE COLLEGE

Prairie Bible College has offered classes since 1922, and divinity degrees since 1981. PBC offers a number of divinity degrees, diplomas, and certificates of varying length.

Admission Requirements

1. Canadian Students from Alberta - Admission to PBC programs requires a high school graduation with a minimum of a 60% average in the following Alberta high school courses: English 30/33, Social Studies 30/33, and a 30/33-level science, math, or foreign language course (if taken). Applicants who do not meet this requirement may submit a written request to have it waived on the basis of motivation and improved academic skills. An Admissions Committee composed of the Director of Enrollment, the Registrar, and the Director of Student Services and Career Development, will make a decision on the request. Students admitted by this process will enter on Academic Probation, which imposes certain restrictions and requires certain accountability measures.
2. Canadian Students From Other Provinces - In most Canadian provinces, grade 12 is treated as equivalent to the Alberta High School Diploma.
   The exceptions are:
   Quebec: Successful completion of one year of CEGEP required.
   Ontario: Old curriculum: Admission requires completion of the Ontario Secondary School Diploma at the grade 12 advanced level with a minimum 60% combined average in six grade 12 courses including English. Those students who have completed OAC courses may be eligible for transfer credit for certain courses.
   New curriculum: Admission requires completion of the Ontario Secondary School Diploma with a minimum 60% average in ENG4U "English" plus five other Grade 12 U or UC courses.
3. Home-schooled students, mature students, and students from the U.S. and other countries: see requirements in the PBC calendar.
4. Certain programs have additional entrance requirements; see program pages in the PBC calendar.

Rocky Mountain College

Rocky Mountain College (RMC) is a Bible college offering degrees in divinity. It was formed in 1992 by the merger of Hillcrest Christian College and Mountain View Bible College. It serves many denominations in preparing Christians for professional and lay ministry. RMC is accredited by the Accrediting Association of Bible Colleges.

Admission Requirements

Specific requirements for admission to programs are outlined under the program descriptions in the calendar.

Transfer Policy

1. Transfer credit may be granted for studies completed at other post-secondary institutions, provided they are appropriate to the student's program at RMC and grades received meet eligibility requirements.
2. Applicants must submit complete official transcripts of all prior post-secondary studies to be considered for transfer credit.
3. Transfer credits are limited by residency and specific course requirements outlined in the calendar.

SAIT POLYTECHNIC

In addition to certificate and diploma programs, SAIT was authorized in 1995/6 under the Technical Institutes Act to offer applied degree programs.

Direct Entry and Transfer Credit

Applicants with equivalent post-secondary education or equivalent experiential learning are encouraged to apply for transfer credits or direct entry. Transfer credit and direct entry placement are determined by the Prior Learning Assessment and Recognition office in conjunction with the Academic Coordinator and Dean of the specific academic department responsible for delivery of the program. The following guidelines apply:

Transfer Credit

1. Transfer credit will be granted to applicants who have completed equivalent education at an Alberta post-secondary institution or other Canadian or international post-secondary institution, or have equivalent experiential learning.
2. The applicant must apply for credit, pay the assessment fees and submit a complete transcript of marks and course descriptions indicating the courses taken, course content, the hours for both theory and laboratory, and the grade attained.
3. The Prior Learning Assessment office will evaluate the documentation and determine the credit to be granted and will advise the applicant of the credit granted. It is the applicant's responsibility to ensure that the necessary paper work is completed.

4. A student who has been accepted as a direct entry transfer student must complete 50% of the total program hours at SAIT. At least 60% of the registered hours must be selected from courses offered in the final year of the SAIT program.
5. The credit granted applies to a particular program and does not necessarily apply if the applicant changes or transfers programs.

General Admission Requirements

All applicants seeking admission to SAIT must meet the Regular Admission requirements (as outlined in the Institute calendar). Mature student (18 years old prior to registration or a serving member of the Canadian Forces, and out of high school for 2 years) admission requirements are outlined for each academic program in the Institute calendar.

Program Access

All regular SAIT academic programs have enrollment access targets, so it may not always be possible to accommodate every applicant who satisfies the minimum admission requirements.

Transfer

1. Students at Fairview College who successfully complete English 311/312, Physics 341/342, and Math 301/302 will be eligible for admission to any SAIT program which specifies the SAIT Pre-careers program as an acceptable admission requirement.
2. Students at Lakeland College who have successfully completed the Academic Upgrading program are eligible for admission on a space available basis to a SAIT program which specifies Pre-careers as an acceptable admission requirement.
3. Students at NAIT who have successfully completed the Pre-Technology program are eligible for admission on a space available basis to a SAIT program which specifies Pre-Careers as an acceptable admission requirement.
4. SAIT agrees to accept completion of Bow Valley College's English Language Advanced Plus as equivalent to completion of the English Language Foundations Program - Level 4, and an acceptable language prerequisite for entry into SAIT career programs. Students meeting this qualification must also present documentation for additional program requirements with their application.

ST MARY'S
UNIVERSITY COLLEGE

St Mary's University College was incorporated in 1986 by an Act of the Alberta Legislature. In addition to a large university transfer program, St Mary's is currently accredited to offer Bachelor of Arts degrees in English and General Studies.

Admission Requirements

High School Students

Students are admitted in this category by presenting an average of 65% or better on five grade 12 subjects as listed below:

1. English Language Arts 30-1;
2. Pure Mathematics 30, Mathematics 30, or a 30 level language other than English;
3. A course selected from Group A (or Group B);
4. A course selected from Group B (or Group A); and
5. A course selected form Group A, B, C or D.

Group A - Social Studies 30 or a 30 level language other than English

Group B - Biology 30, Chemistry 30, Physics 30, Mathematics 31, or Science 30.
Group C - Art 30, Music 30, Music 31, Drama 30, or Art 31
Group D - One five credit or two three-credit subjects at the 30 level (excluding Special Projects 30). Five credits in advanced Career & Technology Studies may be used.

No subject with a grade below 50% may be used. Two courses in the same discipline will not normally be accepted for admission. Exceptions are Mathematics 30 and 31. A student whose admission average is between 60% and 65% will be considered for admission on a case-by-case basis.

Early applicants may be given a conditional offer of admission based on interim grades. Please contact St Mary's University College for more information or consult the Academic Calendar.

Home educated students are welcome to apply to St Mary's University College. Please contact the Office of the Registrar for more information.

Post-Secondary Students

Students are admitted in this category if they have completed at least 30 credits of study at another post-secondary institution. Students must be in good standing with their previous institution and have a cumulative GPA of at least 2.0.

Mature Students

Students are considered for admission in this category if they are at least 21 years of age and have been out of high school for at least three years. They must have completed English Language Arts 30-1 (or equivalent) and must meet with the Dean. Admission in this category is limited and will be determined on a case-by-case basis.

Transfer Credit

Courses completed at other post-secondary institutions may be accepted for transfer credit if they are applicable to programs at St Mary's University College and if they meet minimum grade requirements. Official transcripts will be required. More information about the transferability of courses may be found in the Academic Calendar or on our website at www.stmuc.ab.ca.

TAYLOR

UNIVERSITY COLLEGE AND SEMINARY

Taylor University College & Seminary was authorized to grant degrees by the Government of Alberta on 24 July 2001. Taylor currently has authority to offer a 3-year Bachelor of Arts and a 4-year Bachelor of Arts in English, Psychology and Religion & Theology.

Admission Requirements

Applicants are required to present a minimum overall average of 60% in five specific Alberta Grade 12 subjects as described in the Taylor calendar. Applications from graduates of home-based schools or non-traditional secondary programs will be evaluated on an individual basis using the criteria outlined in the Taylor calendar. Non-traditional applicants who are 21 years of age or older and who do not meet minimum admission requirements may be considered for acceptance providing they can demonstrate the potential for success.

Transfer Policy

Applicants who have completed post-secondary studies elsewhere may apply for advanced standing at Taylor. Transfer credit will be granted in accordance with the transfer policies of Taylor (see Taylor calendar).

Applicants who have completed course work in the International Baccalaureate or Advanced Placement programs may be eligible for advanced standing or transfer credit.

Further information regarding admission and transfer credit may be obtained from:

UNIVERSITY OF ALBERTA

EDMONTON, ALBERTA, CANADA

UofA supports student access to higher education opportunities and student mobility among Alberta's post-secondary institutions. To this end UofA has the responsibility to assess the total educational preparation of each applicant. This assessment is used to determine the admissibility of applicants as well as the amount of transfer credit to be granted. It should be emphasized that a variety of qualitative factors in addition to academic prerequisites are often required as part of the admission criteria. Thus, while possession of the appropriate academic requirements may make an applicant eligible for admission to a particular program, it does not guarantee it. This is especially true for entrance to quota programs.

Admission: General

A student seeking admission to a degree or diploma program at UofA must have successfully completed the matriculation requirements as specified by the Faculty offering the program. While provincial Departments of Education are the certifying agencies for the completion of these matriculation requirements, UofA recognizes that there are other ways in which students may meet them - for example, by taking suitable programs of study at post-secondary institutions. Because all programs have limits on the number of students UofA will accept each year, admission is competitive.

See UofA's calendar's Admission Charts 1 and 2.

Admission: As a Transfer Student

Specific regulations regarding this category of applicant are found in the Undergraduate Admission Section of the University calendar and are outlined, in part, below:

1. Students seeking admission to UofA who **have met the appropriate minimum high school matriculation requirements** on first admission to another post-secondary program, will be considered for admission to UofA if they: a) present an admission grade point average (APGA) of at least 2.0, and b) meet all other admission criteria (i.e., specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc.).
2. Students seeking admission who **have not taken all of the five required Grade 12 subjects** on first admission to another post-secondary program will be considered for admission to UofA if they:
    a) have successfully completed, through further high school or university transfer work, the five required matriculation subject areas specified for admission to the particular degree program to which the student has applied;
    b) present the appropriate minimum application average on all five subjects specified for admission;
    c) meet all other admission criteria (i.e., specific program admission requirements, English Language
    Proficiency, audition, portfolio, questionnaire, references, etc.).
3. Students seeking admission who **have not met the appropriate minimum application average** on first admission to another post-secondary program will be considered for admission to UofA if they:
    a) have successfully completed at least 24 units of course weight transferable to UofA;
    b) present an admission grade point average (AGPA) of at least 2.0;
    c) meet all other admission criteria (i.e. specific program admission requirements, English Language Proficiency, audition, portfolio, questionnaire, references, etc).

    Note that all admission is competitive and therefore higher AGPAs may be required.
4. *Calculation of the Admission Grade Point Average (AGPA)*: The AGPA will be calculated on all university transferable coursework completed in the most recent two terms of study provided they contain a minimum of 24 units of course weight. If those two terms contain less than 24 units of course weight, then all work in the next most recent term(s) will be included in the calculation until the minimum total of 24 units of course weight is reached. Two term courses are considered second term courses in these calculations. For applicants who have attempted less than 24 units of course weight of transferable post-secondary work, the AGPA will be based on all university or university transfer credits attempted.

NOTE: Where the applicant has more than 1 passing grade for the same course at any institution, only the first passing grade will be used in calculating the grade point average(s) for admission purposes.

Transfer Credit

Transfer credit may be granted to applicants who have completed one or more university-level courses at another recognized postsecondary institution. Transfer credit is used to reduce the length of the degree program. The amount of transfer credit granted depends on how applicable the previous coursework is to the particular degree program to which the student has applied.

A maximum of 2 years of transfer credit will be granted towards a UofA undergraduate degree program. This normally consists of 60 units of course weight, or its equivalent (e.g., 10 full-courses or 20 half-courses).

The amount of transfer credit is determined by the Faculty regulations, and is subject to the same regulations as for those transferring from one Faculty to another within the UofA.
In addition, some faculties have placed a limit on the number of 100- and 200-level courses for which transfer credit may be granted. Prospective students should consult relevant faculty sections of the calendar.

NOTE A: Transfer credit **will** be granted for 100-level language courses (or equivalent) that have been successfully completed, **except where:** a 30-

level (matriculation) course in the **same** language has also been successfully completed.

NOTE B: Transfer credit will be granted for each course transferable to UofA if the grade achieved is at least a **C-** (or its equivalent) and the course is applicable to the specific program to which the student has applied.

Transfer from Alberta Colleges and Institutes

UofA will accept for credit those courses and programs listed in the *Transfer Guide* to the extent that they are relevant and applicable to the degree program to which the student wishes to enter.

In addition to these transfer agreements the Faculty of Arts and Augustana Faculty will grant credit for university transferable courses which have been formally approved for transfer credit by either The University of Calgary or The University of Lethbridge, and published in the *Alberta Transfer Guide*. Although no formal agreements may currently exist between the sending institution and the UofA, these Faculties will apply credit towards a student's program to the extent that the courses apply to the degree requirements.

Transfer from Universities

Transfer credit from other degree-granting institutions is assessed on an individual, course-by-course basis. The amount of transfer credit granted depends on how relevant and applicable the previous course work is to the particular degree program for which the student has applied.

UofA's Faculties of Extension and Agriculture, Forestry and Home Economics have established one agreement. Students who have successfully completed the specified Residential Interiors Certificate Program at the Faculty of Extension, UofA, will receive credit toward the Bachelor of Science in Human Ecology as follows:

> Four 300-level Electives (12ucws) toward the minor in Interior Design and HECOL 150 (3ucws).

Transfer from Out-of-Province Colleges and Institutes

UofA will normally accept courses from recognized colleges and institutes in other provinces, provided that such courses are applicable to the universities in that province AND to the extent that they are applicable to the particular degree program for which the student has applied.

Advanced Placement

Advanced placement may be granted to applicants who have taken the equivalent of university courses in some other manner. This excuses them from taking the corresponding university courses, but other courses must be taken in their stead. Students who have been granted advanced placement will not have the length of their program reduced.

Credit by Special Assessment

Some faculties have agreed to allow students to seek credit in certain specified courses without actually registering in and taking courses, if they can demonstrate an acceptable level of mastery of the course content. The procedure whereby a student seeks credit in a course by this non-traditional route is known as Credit by Special Assessment. The privilege of seeking credit in a course by special assessment is limited to students admitted to UofA. Students wishing to receive credit in courses by this means are advised to report to their Faculty office in order to be apprised of Faculty regulations and deadlines for submission of applications.

NOTE: Courses that have been successfully "challenged" at other institutions may be considered for advanced placement; however, transfer credit for such courses towards a degree cannot be guaranteed. Prospective students should consult with the relevant Faculty office.

Applying for Admission

Students from other post-secondary institutions who wish to transfer to UofA and work toward an undergraduate degree are encouraged to apply and pay application fees online at: www.registrar.ualberta.ca/admissions. After an application for admission has been submitted students can track the progress of their application through Bear Tracks.

Conditional Admission

Conditional offers of admission are given annually in many UofA programs before completion of the final year of study. For high school students conditional admission will be based on courses and grades provided on the application for admission. For postsecondary students conditional admission is based on above average standing in their first semester/first term courses. Once a conditional offer of admission has been made, students may access the Bear Tracks web registration system in mid April. If conditional admission is not granted, the application for admission remains active and will be reassessed upon receipt of all final documentation. Conditional offers of admission are withdrawn if the requirements in the offer are not met by the stated deadlines.

NOTE: The Registrar's Office is not able to make unofficial evaluations of admission or transfer credit. Applicants MUST submit an Application for Admission, application fee and all appropriate documentation.

Documents

To be considered for Conditional Admission, post-secondary students must submit ONE official transcript of all high school education. TWO official transcripts are required from all CEGEP, International Baccalaureate and Advanced Placement programs, as well as all previous post-secondary institutions attended. Unofficial transcripts showing grades to date, including first term grades and second term registration will be accepted from the current postsecondary institution. UofA will require two official transcripts of final results from postsecondary students and one official transcript from high school students to assess final admissibility.

Deadlines

Application and document deadlines are extremely important for all students and should be noted carefully. Deadlines for all programs are listed on the UofA Registrar's Office and Student Awards web site at: www.registrar.ualberta.ca.

Admission and Transfer Credit

Upon acceptance to UofA, students will receive notification of admission and transfer credit. This notification indicates any conditions of admission that must be met and all courses for which transfer credit has been granted.

Registration

Once students are admitted, they will be notified on how and when to register using Bear Tracks web registration system.

UNIVERSITY OF CALGARY

Admission Regulations

Prospective applicants should familiarize themselves with the Admissions requirements, as well as the Academic Regulations printed in the UofC Calendar. No students will be considered for admission or transfer credits unless the entrance requirements of UofC are satisfied. Furthermore, the academic standing of transfer applicants at their previous post-secondary institution(s) must be such that they would be allowed to proceed in a degree program at UofC. This information is provided in the UofC calendar and may be obtained from the address listed below.

EARLY ADMISSION is offered to transfer students attending an Alberta post-secondary institution. For further information, applicants should contact the Admissions Office.

All applicants must demonstrate English language proficiency for purposes of admission in one of the following ways: a) successful completion of at least three years of formal, full-time study at an English secondary or post-secondary institution in an English speaking country which the UofC recognizes as English language proficiency exempt; or b) graduation from a degree program offered by an accredited university in a country which the UofC recognizes as English language proficiency exempt; or c) a mark of 75% or better on the Alberta English 30 diploma examination or a mark of 80% in an equivalent course from other Canadian provinces; or d) minimum score of 220 on the computer-based TOEFL; or e) minimum score of 560 on the paper-based TOEFL, or f) minimum score of 550 on the paper-based TOEFL, accompanied by minimum score of 5.0 on he TWE; or g) minimum score of 7.0 on the IELTS; or h) successful completion of the ELFP program at UofC.

Transfer Regulations

1. UofC undergraduate courses are numbered as follows:
    a) Courses are numbered from 200 to 500.
    b) Courses numbered 200 are considered "Junior-level" and courses numbered 300 and above are considered "Senior-level".
    c) Half courses (3 credits) are normally offered over one semester (13 weeks) and are distinguished as odd-numbered courses. Full courses (6 credits) are normally offered over

two consecutive semesters (26 weeks) and are distinguished as even-numbered courses.

2. At UofC the primary means of evaluating courses for transfer credit would be the detailed examination of course content. The secondary means, if required, would be an examination of the level of instructor qualifications as follows:
   a) With regard to 200- and 300-level UofC courses, the minimum level of instructor qualification required would normally be a Master's degree with appropriate specialization.
   b) Public College and Institute of Technology courses will normally not be accepted for transfer at the 400- and 500-level.
   c) Where 400- and 500-level UofC courses are considered for transfer credit, the minimum qualification would normally be a PhD with appropriate specialization.
3. The *Alberta Transfer Guide* contains a list of courses which have been evaluated by UofC as transferable credits on the basis of present working arrangements. UofC does not necessarily consider the courses as exact equivalents to UofC courses. However, to simplify registration procedures for new students, the courses are listed as if they were directly equated. Courses transferred from other post-secondary institutions may be used as prerequisites for senior-level courses at UofC .
4. The amount of transfer credit that may be applied to the student's degree program is limited by the residence requirement of the Faculty. Most undergraduate faculties normally require that at least half the degree requirements be completed at UofC. A maximum of 15 full-course equivalents may be transferred to an undergraduate program in the Faculty of Engineering unless the courses are completed at an institution accredited by the Canadian Engineering Accreditation Board.
5. Transfer credits are awarded only to the extent that they fit the student's particular program at UofC. Courses which are not directly applicable to that program are considered extra to the student's degree.
6. When selecting courses, prospective transfer students should be aware of the limit on the number of junior-level courses (200-level) that may be counted towards a degree program at UofC. Furthermore, courses listed with the prefix "Sr." [i.e., Sr. PSYC (3)] are normally considered to be 300-level courses at UofC.
7. Transfer students must ensure that they do not take duplicate courses, since no credit will be granted for those courses which duplicate in content a course previously completed.
8. Students attending UofC are not permitted to repeat a course more than once. Prospective transfer applicants should be aware of this regulation since courses completed a third or more times will not be accepted for transfer credit.

University of Lethbridge

FIAT LUX

Admission

All applicants must meet the minimum admission requirements of UofL in order to gain admission and receive transfer credit. Applicants should refer to the University calendar, or consult with an Admissions Officer, for detailed information on program requirements, admission and transfer credit.

Students seeking admission to any undergraduate program or as a Visiting Student at UofL must apply for admission by completing and submitting the Application for Admission - Undergraduate Admission, by the appropriate deadline.

Transfer Policy

1. Courses acceptable for credit at one of the other Alberta universities or university colleges are normally transferable to UofL.
2. A student transferring to UofL must have obtained a **minimum cumulative grade point**

average of "2.0" on the 4.0 point system or equivalent; admission to certain programs is competitive and may require a higher GPA.

3. Transfer credit is awarded for transferable courses with passing grades. Transfer credit is awarded only to the extent to which it may be applied to the student's academic program.
4. Where **unspecified credit** is awarded, the student should consult with a UofL Academic Advisor regarding how the transfer credit applies to the student's program.
5. Transfer students are advised of **residence and major requirements and time limit policies** which vary according to academic program. Typically, no more than one-half of a 40- or 50-couorse program may be transferred for credit an no more than one-half the major. For information consult pp. 65-68 of the 2005/2006 UofL Calendar; this table may be found on the UofL website at www.uleth.ca/reg/calendar/part04.pdf
6. Holders of appropriate diplomas may be admitted into degree programs of approximately 15 to 25 courses in length (35 for the Post-Diploma BMgt/BEd), depending upon the diploma awarded. Post-Diploma single degrees at UofL are equivalent to four-year programs and post-diploma combined degrees equivalent to five-year programs. Post-diploma programs are offered leading to the BA (Agricultural Studies), BSc (Agricultural Studies), BSc (Computer Science), BSc (Environmental Science), BSc (Geography with a Concentration in Geographical Information Science), BFA (Art), BFA (Dramatic Arts), BFA (Multidisciplinary), BMus, BMgt, BHSc (Addictions Counselling), BNursing, BFA/BEd, BMus/BEd and BMgt/BEd. Applicants presenting two- or three-year college diplomas may also be considered for admission to degree programs other than post-diploma programs; these applicants are considered eligible for admission to first-degree undergraduate non-quota programs, and will receive transfer credit according to regular procedures. The college diploma presented must have sufficient academic merit and a cumulative program GPA of at least 2.50 on the UofL four-point scale.
7. Students intending to transfer into the **Faculty of Arts and Science** should note that for most programs at least half of the courses required in the major must be completed at UofL.
8. Except for applicants who already hold university degrees, all **Bachelor of Education** programs are combined degrees programs (e.g., BA/BEd, etc.). Students intending to transfer to combined degrees programs, or to programs in the Faculty of Arts and Science which lead to combined degrees, should be aware of policies particular to the combined degrees, including the following:
   a) Students intending to transfer directly into any combined degrees programs which include the Bachelor of Education are advised to complete a **maximum** of 5 semester courses in Education. The 5 semester courses in Education which may be transferred include EDUC 2500, at least 1 Educational Foundation and up to 3 Education electives. Students transferring fewer than 5 Education courses will be required to complete additional courses in order to satisfy program requirements.
   b) Students in the combined BA/BEd or BSc/BEd degree programs will be required to complete at least 15 Arts and Science courses at UofL including at least ½ of the required courses in the major, to meet Arts and Science portions of these degrees (for example, Management, Nursing and Health Sciences courses will not count).
   c) Students in the BMgt/BEd program will be required to complete at least 10 Management courses at UofL to meet Management residency requirements. These 10 courses must include 7 at the 3000/4000-level. Therefore, given program requirements, a student may transfer up to 6 Management courses, of which 4 are at the 3000/4000-level. The Post-Diploma BMgt/BEd does not provide for any transfer credit. The Faculty of Education also requires successful completion of a keyboard proficiency requirement.

   Other Faculty of Education requirements: In the BFA (Art)/BEd program, the Faculty of Education requires a portfolio submission and interview. In the BMus/BEd program, the Faculty requires an acceptable audition and/or interview. In the BFA (Dramatic Arts)/BEd program, the Faculty requires a portfolio submission, performance audition and interview.
9. Students intending to transfer into **Faculty of Fine Arts** programs or combined degrees which include Fine Arts programs are advised to complete at least 5 transferable courses which count toward the General Liberal Education Requirement and are classified as social sciences or sciences. These students should also note that of the 20 courses which are transferable, a maximum of 15 in a Fine Arts major subject may be awarded credit. Post-

diploma degree programs leading to the BFA (Art, Dramatic Arts, or Multidisciplinary), BMus and combined degrees including these programs are not based on transfer credit, but offer direct admission to Year Three. Students transferring to the 40-course BFA (Art) with a major in Art Studio must submit a portfolio.

An audition, interview or portfolio review, as appropriate, is required for admission to Post-Diploma programs in Art, Dramatic Arts and Music. All students applying for transfer of Music Studio or Practical Skills Performance courses must audition, after which unspecific Music credits may be converted to specified credit. Admission requirements for the BFA (New Media) include both a portfolio/audition (as appropriate) and a summary of activities related to the fine arts and knowledge of multimedia and/or computer applications. See the Academic Advisor, Faculty of Fine Arts, for more information on these requirements.

10. Programs offered by the **School of Health Sciences** include two collaborative programs. Students may apply for admission to the Bachelor of Health Sciences (Addictions Counselling) either at the University of Lethbridge or at Medicine Hat College. Students may apply for admission to the Nursing Education in Southwestern Alberta (NESA) four-year BNursing program at UofL. (See Section III of this Guide for more information about both programs.) All courses for which transfer is sought must be presented upon application to the School of Health Sciences at UofL.

11. Students intending to transfer into the **Faculty of Management** in BMgt, BA/BMgt, or BSc/BMgt degree programs should note that 20 courses may be transferred for credit. The number of 3000/4000-level Management courses which may be transferred for credit varies with the program and chosen major. In the BMgt program, up to 10 senior Management courses may be transferred, taking into consideration the 10-course residence requirement. In the BA/BMgt and BSc/BMgt programs, up to 5 senior Management courses may be transferred in for all majors. The Post Diploma BMgt program does not provide for any transfer credit. Note that courses transferring as MGT 2xxx are normally not allowed for credit towards BMgt programs.

    Students intending to enter the Faculty of Management should be aware of minimum grade requirements for certain courses:

    a) admission to Management requires minimum grades of C- in ECON 1010, ECON 1012 and STAT 1770 (or their equivalents);

    b) A minimum grade requirement of C- applies to certain courses required in the Management program (see the Calendar for details). These include WRIT 1000 (or a university-level English course), all Management courses and certain other courses. Although individual courses may transfer with passing grades lower than C-, they will not count against program requirements.

    Effective Fall 2006, admission to all Post-Diploma BMgt. Programs will require a diploma grade point average of at least 3.0 on the 4.0 scale.

12. **Program requirements** normally are governed by the calendar for the most recent year in which the student was admitted or re-admitted to UofL, while all other requirements and regulations are governed by the current calendar, for all students. A continuing student may opt to be governed by any Calendar from the one in effect at the point of most recent admission to UofL, to the current Calendar. If a student opts for a particular Calendar, all program requirements of the chosen Calendar shall apply, while the current Calendar shall apply in all other respects. Students continuously registered in formally approved transfer programs or in transferable courses at member institutions of the Alberta Council on Admissions and Transfer are normally admitted under the current Calendar. However, when admitted to UofL they may opt for any calendar from the current one to the Calendar in effect at the point of most recent admission to the Alberta college system.

13. For some groups of **courses which share similar content**, credit is awarded for only one course of the group. This applies whether the courses completed were those at UofL or their equivalents at another institution. The current UofL Calendar and the *Alberta Transfer Guide* should be consulted by the student. For example, credit shall be given for only one of any of the following groups of courses: only one of ECON 2900 or STAT 2780; only one of MATH 1510 or 1560; only one of PSYC 2030 or SOCI 2130; only one of PHYS 1000 or 1050.

    Series courses at UofL are courses which are offered regularly but whose content varies with different offerings. Several series courses, with the same subject and number but which address different content, may all be counted towards program requirements. For example, a student may be awarded 3 semester course credits for 3 English courses which respectively address Science Fiction, the short story and

Commonwealth literature, and all of which transfer as English 3700.

14. Appeals of Admissions transfer credit decisions must be made in writing within one year of the decision, to the Assistant Registrar, Admissions.

15. **Conditional Early Admission for New Transfer Applicants** — New transfer applicants who, on the basis of work already completed, are identified as qualified according to UofL admission policies, may be offered admission well in advance of regular deadlines. If studies are in progress at the time that admission is offered, the offer will be conditional on receipt, by applicable deadlines, of official documents which show satisfactory academic achievement. Applicants offered conditional admission on this basis will be expected, on the basis of final official documents, to meet or exceed basic admission criteria.

Official transcripts of all post-secondary work must be sent directly from the post-secondary institution attended to the UofL Admissions Office. Further information regarding admission or transfer credit may be obtained from:

Yellowhead Tribal College was established to provide aboriginal people an alternative to mainstream institutions. Its first permanent education program, the University and College Entrance Preparation Program, was initiated in the spring of 1984. YTC has evolved into a center offering recognized post-secondary courses, certificates, diplomas and degrees in partnership with colleges and universities, in particular, Athabasca University, Lethbridge Community College, NorQuest College, Northern Alberta Institute of Technology and the University of Alberta. Since 1996, YTC has developed and offered its own university transferable courses. Current program offerings include: Adult Basic Education, UCEPP, Pre-Trades (NAIT), University Studies, Management Studies, Accounting, Information Technology, Microcomputer/Office Professional, Hospitality & Tourism (NAIT), Bachelor of Management (AU), Bachelor of Commerce (AU), Bachelor of Education/Aboriginal Teacher Education (U of A) and Off Campus studies. YTC presently issues certificates and diplomas.

Admission Requirements

Applicants must be at least 18 years of age and meet program admission requirements as specified in the YTC calendar.

Transfer Policy

YTC awards transfer credit for courses completed at other post-secondary institutions equivalent to designated YTC program courses. Official transcripts of grades must be submitted to the Registrar and Program Coordinator directly from the other post-secondary institution(s) prior to transfer credit assessment. Only courses with a minimum grade of C- will be considered for transfer credit. Credits awarded through transfer credit assessment are not counted in YTC's residency requirement.

Section IV
Transfer Agreements by Sending Institution

This section lists transfer agreements between post-secondary institutions in Alberta, the Northwest Territories and Nunavut. The information is arranged alphabetically by "sending institution".

The post-secondary institution you **transfer FROM** is the **sending institution**. The post-secondary institution you **transfer TO** is the **receiving institution**.

Transfer agreements are arranged as follows:

To Universities and Private University Colleges
- To Degree programs
  - ↳ By Program
  - ↳ By Course, arranged alphabetically by category

To Colleges and Technical Institutes
- To Alberta College of Art & Design's BFA and BDes Programs
  - ↳ By Program
  - ↳ By Course, arranged alphabetically by category
- To Applied Degree Programs
  - ↳ By Program
  - ↳ By Course, arranged alphabetically by category
- To Certificate or Diploma Programs
  - ↳ By Program
  - ↳ By Course, arranged alphabetically by category

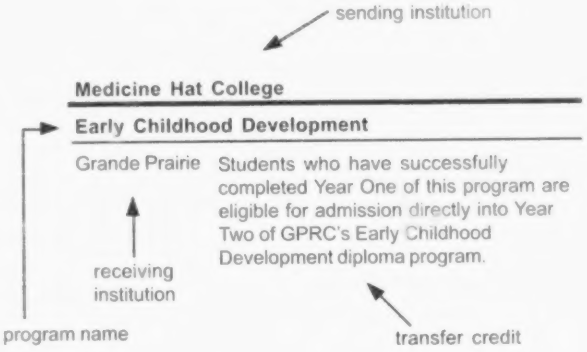
Some institutions have many pages of agreements - there are important footnotes at the end of each section.

Reading Transfer Agreements

Are you looking to transfer an entire program that you have taken or will take; or, are you looking for course-by-course transfer?

By Program agreements

1. Within the selected credential (e.g. Degree program), choose the program you have taken (listed on your transcript) *or* will take (listed in the sending institutionis calendar/web site).
2. The "sending program" appears in bold on the left side of the page. Below it will be the receiving institution's name and what transfer credit will be given.



Medicine Hat College

Early Childhood Development

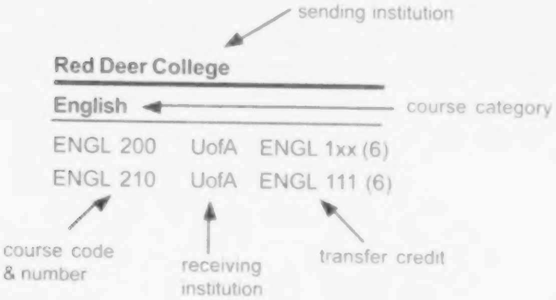
Grande Prairie	Students who have successfully completed Year One of this program are eligible for admission directly into Year Two of GPRC's Early Childhood Development diploma program.

In other words, you are eligible for direct admission into Year Two of Grande Prairie's Early Childhood Development diploma if you have successfully completed Year One of the Early Childhood program at Medicine Hat.

By Course agreements

1. Choose the corresponding category (e.g. Biology, English, Political Science, etc.) for your course.
2. Within the category, choose the course code and number you have taken (listed on your transcript) or will take (listed in the sending institution's calendar/web site).

3. The sending course will be in bold on the left side of the page. Read across the page to see at which institutions transfer agreements are in place and what transfer credit will be given at the receiving institution.



Please note

Credit may be indicated by specific course equivalents or by *non-specific course options*. All receiving institutions, except for the University of Calgary, indicate an unspecified course at the 100-, 200-, 300- or 400- level by indicating the discipline followed by a 1xx, 2xx, 3xx, or 4xx, respectively. For example, BIOL 1xx or ENGL 2xx. The University of Calgary indicates the level using "Jr." or "Sr.". For example, Jr. CHEM or Sr. PSYC.

Do:

- Check the receiving institution's calendar/web site to ensure you meet the general admission requirements of the receiving institution.
- Determine the necessary marks for transfer.
- Determine the required courses, the level (junior or senior), the number of options allowed, the residency requirements, and special course requirements by program.
- Read the footnotes. If there is a footnote accompanying a transfer agreement, read it carefully!

Know:

- Each institution has its own requirements and practices for admission of students and award of transfer credit. Check Section III of this *Guide* for institution admission policies, the receiving institution's calendar/web site and consult with the Registrar's office at the receiving institution.
- The *Guide* indicates the minimum transfer credit available for prior post-secondary educational experience upon admission to a post-secondary institution. Additional transfer credit may be negotiable on an individual basis.
- Your admission average and/or course mark is very important. Check the receiving institution's calendar, or check with the receiving institution, to determine appropriate marks for transfer.

The courses need to be appropriate to the program to which you're transferring. Some courses may not "fit". Switch to an unrelated program and courses taken may not be transferable even though you found an agreement in the *Guide*.

- Some institutions limit the number of junior courses you can take.
- Be aware that institutions have a *residency requirement*. That is, a certain proportion of courses must be taken at the receiving institution.
- If a student interrupts or spreads the program out over a long period of time, some problems may be encountered if the program requirements have changed. Check with the receiving institution.
- Informal transfer arrangements are possible on an individual basis. Students seeking special consideration are advised to consult with the Registrars at both their present institution and at the institution where they plan to transfer.

Athabasca University

As a service to its students who may seek to transfer to a degree program at another institution in Alberta, Athabasca is formalizing agreements with those institutions on a course-by-course basis. In addition to the courses listed below, the University offers other courses as part of its degree programs which ordinarily will be assessed on an individual basis by the receiving institution. For the benefit of students transferring from UofA, UofC or UofL, Athabasca will treat these agreements as reciprocal whenever a specific receiving institution course (rather than an option) is recorded below.

Augustana Faculty - University of Alberta

Following a merger with the University of Alberta on July 1, 2004, Augustana University College is now Augustana Faculty - University of Alberta. Augustana Faculty offers 4-year BA and BSc degree programs, as well as 4-year BMgt in Business Economics and BMus programs. As a service to students who may seek to transfer to a degree program at another institution in Alberta, current Augustana Faculty agreements with those institutions are provided here on a course-by-course basis for this transition year 2005-2006.

Canadian University College

Canadian University College, offers 3- and 4-year BA and BSc degree programs and 4-year BBA and BEd programs. As a service to its students who may seek to transfer to a degree program at another institution in Alberta, transfer agreements have been negotiated for the courses which are published below. In addition, the College offers other courses as part of its degree program which ordinarily will be assessed on an individual basis by the receiving institution.

Concordia University College of Alberta

Concordia University College of Alberta offers 3- and 4-year BA and BSc degree programs, a 4-year BMgmt degree program, a 2-year BEd (After Degree) program in Elementary Education, and a BEH (After Degree) program. As a service to its students who may seek to transfer to a degree program at another institution in Alberta, transfer agreements have been negotiated for the courses which are published below. In addition, Concordia offers other courses as part of its degree programs which ordinarily will be assessed on an individual basis by the receiving institution.

[1] If the student has completed a course in the diploma which is identified as an equivalent Au course, he/she cannot register in the equivalent AU course. The student must replace the course with a senior level (300 or 400) AU course in the same discipline (eg. administrative studies, humanities). See current AU calendar for BMgmt (PD) degree regulations.

[2] Students must have completed MKTG at AU or an acceptable equivalent to be eligible for admission to the program.

[3] Students are required to present an additional 30 credits prior to admittance into the BPA program. Contact AU Student Advisor for recommended courses.

[4] Upon admission to the Faculty of Arts with a cumulative GPA of at least 2.0 (5 on a 9-point scale) students who have successfully completed this MacEwan diploma program will be eligible to receive up to 30 units of course weight (ucw) as follows: 12 ucw 1xx Arts or Science options, 3 ucw 1xx non-Arts or Science option, 15 ucw 2xx non-Arts or Science options.

[1] Graduates of this diploma will receive a block of 63 credits as follows: 33 Jr, 27 Sr, HSRV 4xx (3).

[2] If the student has completed a course in the diploma which is identified as an equivalent AU course, he/she cannot register in the equivalent AU course. The student must replace the course with a senior level (300 or 400) AU course in the same discipline (eg. administrative studies, humanities). See current AU calendar for BMgmt (PD) degree regulations.

[3] MHC Accounting major students must have completed MHC's SGMA 395 or equivalent to be eligible for admission to AU's 3 or 4-year BMgmt program.

[1] Graduates with diploma GPA's equivalent to 3.00 or higher on UofL's 4-point scale will be admitted to the Post-Diploma BMgmt, and graduates with GPA's above the admission GPA cut-off but less than 3.00 will be admitted to the Qualifying Program.

[2] Graduates of this program will receive 60 credits towards BSc-Human Science (Post Diploma) or BSc (Post Diploma).

[3] In order to receive the total allowable credit stated, students must present all diploma program requirements.

[4] Open to graduates who have achieved a diploma GPA of 2.50 or higher (on a 4.0 point scale).

[5] Graduates of this program will be awarded a block of 21 credits toward a BA (General) or BSc (General) degree, or a block of 27 credits toward a BA (Special) or BSc (Special) degree.

[6] Students who have successfully completed a two-year science diploma at NAIT will be admitted by UofA's Faculty of Science and granted up to 1 year's credit toward a related BSc degree program.

[7] Faculty of Business: Approximately one full year may be credited toward a BCom.

[8] If the student has completed a course in the diploma which is identified as an equivalent AU course, he/she cannot register in the equivalent AU course. The student must replace the course with a senior level (300 or 400) AU course in the same discipline (eg. administrative studies, humanities). See current AU calendar for BMgmt (PD) degree regulations.

[9] The Faculty of Engineering will grant direct entry to the engineering discipline consistent with the engineering technology provided applicants present the required Alberta high school subjects (English 30, Chemistry 30, Physics 30, Mathematics 30 or Pure Math 30, and Mathematics 31) or equivalent and have a minimum cumulative diploma average of 73%. Applicants who have previously been students in the Faculty of Engineering may require an honors diploma. Transfer credit is on a course by course basis and requires a minimum course grade of 75%. The listing of courses eligible for transfer credit is not complete.

[10] The Faculty of Engineering will grant the appropriate advance standing to graduates of programs of technology provided that:
i. the applicant is admissible to the Faculty of Engineering;
ii. the applicant has an Honours Diploma.

[11] Subject exemption based on individual assessment is available for graduates of Geomatics Technology who do not have Honours standing.

[12] Students must provide proof of license to be eligible for admission to the program.

[13] Student will not also receive credit for BUSI 320 at TKUC.

[14] Credit only in Textiles, Clothing and Culture program at UofA.

[15] Student will not also receive credit for MAT 110 or STA 213 at AUC.

[16] Student will not also receive credit for PHY 108 or 250 at AUC

[17] Minimum mark of 70% required.

[18] Acceptable as Science credit.

[19] Student will not also receive credit for GEOG 3710 at UofL.

[20] Students will not also receive credit for STAT 1770 at UofL.

[21] Minimum mark of 65% required.

[22] Not available for credit towards the Bachelor of Commerce degree.

[23] Student will receive credit for only 1 of BUS 191 and 292.

[24] Credit allowed for only one of BUS 306 or 307.

[25] Credit allowed for only one of NAIT's BUS 306 and 307 at UofL.

[26] Minimum average of 70% with no mark below 60%.

[27] Student will not also receive credit for BUSI 370 at TKUC.

[28] Not for credit towards the BAdmin or BComm degrees or University Certificates in Advanced Accounting or Administration. Students enrolling in one of these degree or certificate programs must complete AU's ADMN 404.

[29] A minimum grade of 75%, or a "B", is required for transfer credit to be awarded.

[30] Credit only in Faculty of Engineering programs.

[31] Credit for CIV E 265 or MEC E 265 (3).

[32] Student is given the option to challenge examination in D HYG 240 at UofA.

[33] A minimum mark of 75% or a "B" is required for transfer credit to be awarded.

[34] Credit only in BSc Agricultural/Food Business Mgmt program (Food Service Business Mgmt major) at UofA.

[35] Fulfills program requirement of ORG A 301 in BSc Agricultural Food Business Management program (Food Service Business Management major) at UofA.

[1] If the student has completed a course in the diploma which is identified as an equivalent AU course, he/she cannot register in the equivalent AU course. The student must replace the course with a senior level (300's or 400's) AU course in the same discipline (eg. administrative studies, humanities). See current AU calendar for BAdmin (Post Diploma) degree regulations.

[2] Open to graduates who have achieved a diploma GPA of 2.5 or higher (on a 4.0 point scale).

[3] The Faculty of Engineering will grant direct entry to the engineering discipline consistent with the engineering technology provided applicants present the required Alberta high school subjects (English 30, Chemistry 30, Physics 30, Mathematics 30 or Pure Math 30, and Mathematics 31) or equivalent and have a minimum cumulative diploma average of 73%. Applicants who have previously been students in the Faculty of Engineering may require an honors diploma. Transfer credit is on a course by course basis and requires a minimum course grade of 75%. The listing of courses eligible for transfer credit is not complete.

[4] Not accepted for credit toward BComm program at UofC.

[5] Students presenting both SAIT's ACCT 391 and 463 may not receive credit for ACCT 454 from AU.

[6] Student will not also receive credit for CMPT 210 or 230 at TKUC.

[7] Student will not also receive credit for BUSI 320 at TKUC.

[8] A minimum grade of 75%, or a "B", is required for transfer credit to be awarded.

[9] Student will not also receive credit for CMPT 210 at TKUC.

[10] Student will not also receive credit for CMPT 235 at TKUC.

[11] Not applicable to Administration/Commerce programs.

[12] Credit will be granted for only 1 of SAIT's STAT 220 or 230.

[13] Student will not also receive credit for PSY 211, SOC 210, or MAT 151, 247 at CUCA.

[14] Student will not also receive credit for CSC 120 at AUC.

[15] Challenge credit opportunity available to SAIT graduates.

Health Record Technician Program

NAIT	Graduates will be accepted into Year Two of the NAIT Health Record Technology Program. Those students who have not completed all courses of the Health Record Technician Program may be accepted as special students upon a written recommendation from SAIT. A personal interview may also be required.

Office Assistant Certificate

Grande Prairie	Graduates are eligible for admission into Year II of GPRC's Office Administration diploma program.
Keyano	Graduates are eligible for admission into Year II of Keyano's Office Administration diploma program.
Lethbridge	Graduates are eligible for admission into Year II of LCC's Office Administration diploma program.
Medicine Hat	Graduates are eligible for admission into Year II of MHC's Office Management diploma program.
NAIT	Graduates are eligible for admission into Year II of NAIT's Office Administration diploma program.
Red Deer	Graduates are eligible for admission into Year II of RDC's Office Administration diploma program.

Advanced Placement Courses

The Advanced Placement program was developed and is sponsored by the College Entrance Examination Board, New York, New York. The Advanced Placement (AP) program provides course materials and examinations on introductory courses. Some high schools in Alberta offer some courses in the Advanced Placement program. Students who have successfully completed examinations in the program may apply for advance credit through individual assessment upon admission to a post-secondary institution. More information is available from the Office of the Registrar at each institution. Upon admission to UofA (including Augustana Faculty) and UofC, all AP students will automatically receive advance standing (credit or placement) in approved courses where they have achieved AP grades of "4" or "5". At UofA (including Augustana Faculty), credit or placement granted is determined by the policy in effect for the session to which the student applies, NOT the date when the AP course was taken. At UofL and ACAD, students have the option of receiving transfer credit for approved courses where they have achieved grades of "4" or "5", or of taking the UofL or ACAD course. Where specified credit is not indicated, students with AP credits will be evaluated individually. At all receiving institutions, at least one official AP transcript is required. Advance credit arrangements are in effect at the universities and private colleges with accredited degree programs listed in the following table.

[1] Subject to a portfolio review.

[2] Students given "Advanced Placement" will be permitted to register in a senior course. Students entering the Faculty of Arts who are given Advanced Placement will be admitted to a senior course after determination of their background qualifications for that course (interview, placement test, etc.). They may also challenge a junior or senior course for credit via the Credit by Special Assessment route, if they have appropriate qualifications and are eligible within the regulations.

[3] Student will not also receive credit for MATH 249 or AMAT 217 at UofC.

[4] Credit only in Faculty of Engineering programs.

[5] Grade of "3" or better.

[6] Student will receive credit for CHEM 201/203 (6) or CHEM 209 (3) [Engineering].

[7] Students who successfully complete a challenge exam may receive credit for CPSC 231 in lieu of CPSC 215.

[8] Students who successfully complete a challenge exam may receive credit for CPSC 233 in lieu of the half Jr. CPSC.

[9] ENGL 199 (3) for Engineering students only.

[10] Students may receive credit for only one of ENGL 1xxx and 1900 at UofL.

[11] Student must take one of ENGL 204 or 205 at TKUC.

International Baccalaureate Courses

The International Baccalaureate Program was developed and sponsored by the International Baccalaureate Office, a Swiss Foundation with headquarters in Geneva. This office is represented in Canada and the United States by the International Baccalaureate North America Office, a non-profit corporation headquartered in New York City. Some high schools in Alberta offer part or all of the International Baccalaureate Program. Students who have completed part or all of the Program may apply for advance credit through individual assessment upon admission to a post-secondary institution. More detailed information is available from the Office of the Registrar at each institution. Advance standing (Credit or Placement) in the following approved courses is automatically awarded for IB grade of "6" or "7" only at UofA (inculding Augustana Faculty), and "5" or higher (maybe higher for some Faculties) at UofC, TKUC and CUC. At ACAD, students have the option of receiving transfer credit for approved courses where they have achieved grades of "5" or higher, or of taking the ACAD course. Official transcripts from the IBNA office are required. At UofA (inculding Augustana Faculty), credit or placement is determined by the policy in effect for the session to which the student applies, NOT the date when the IB course was taken. At AU, the minimum acceptable IB grade is "4" to receive advance credit. Advance credit arrangements are in effect at the degree-granting institutions listed in the following table.

[1] Student will receive credit for CHEM 201/203 (6) or CHEM 209 (3) [Engineering].

[2] Students given "Advanced Placement" will be permitted to register in a senior course. Students entering the Faculty of Arts who are given Advanced Placement will be admitted to a senior course after determination of their background qualifications for that course (interview, placement test, etc.). They may also "challenge" a junior or senior course for credit via the "Credit by Special Assessment" route, if they have appropriate qualifications and are eligible within the regulations.

[3] Credit allowed for only one of Computer Science - standard or higher level at UofA.

[4] Student will receive credit for either CPSC 231/Jr. CPSC (6) or ENGG 233 (3).

[5] Student will not also receive credit for FREN 111/112 at UofA.

[6] Not acceptable towards program requirement of majors or minors in French, Italian or Spanish.

[7] Student will not also receive credit for GERM 111/112 at UofA.

[8] Must obtain a combined score of "0" or better on the Extended Essay and Theory of Knowledge.

[9] Credit only in Faculty of Engineering programs.

[10] Credit for MATH 1560 will be awarded if grade of "5" is presented. Credit for MATH 1560/2560 with grade of "6" or "7".

[11] Audition/placement tests required. Students may be given advanced placement and permitted to take selected Music courses by "Special Assessment".

[12] Two unspecified Music credits may be applied to specific Music requirements after interview and assessment by the Division of Music.

[13] A grade of "4" or higher is required.

Section V
Other Transfer Agreements and Arrangements

This section contains information on transfer agreements and collaborative or accelerated arrangements.

Students interested in programs in the following subject areas are advised to review the relevant information.

- Biological Sciences
- Engineering
- Nursing
- Health Sciences (Addictions Counselling)
- Bachelor of Management (accelerated format)
- Transfer agreements between:
  - Nechi Training, Research and Health Promotions Institute and Keyano College
  - Saskatchewan Indian Institute of Technology and Keyano College
  - Transport Canada and the University of Alberta or The King's University College.

Biological Sciences

Tri-University Block Transfer Agreement for Biological Sciences

The Universities of Alberta, Calgary and Lethbridge have jointly determined that a Biological Sciences student requires certain courses and credits in the first two years of the Biological Sciences program. A transfer student may obtain up to 2 full years of credit in the Biological Science program at one of these universities by completing the following block requirements for one of the three universities.

As the agreement is based on a *block of knowledge*, DO NOT read the following chart as a table of course-by-course equivalents.

Requirements

	Biology	Biochemistry	Chemistry	Math/Statistics	Electives
Institution	**15 credits[1]**	**3 credits**	**9 or 12 credits**	**6 credits**	
UofA	BIOL 107, 108, 207, 208, + 1 of BOT 205, 210, MICRB 265, ZOOL 225 or 250	BIOCH 200	CHEM 101 + 161or 261 + 263	STAT 151 plus one of MATH 113, 114, 115 or 120	Plus electives to total 60 credits
UofC	BIOL 231, 233, 311, 313, 331	BCEM 393	CHEM 201, 203 + 351/353	MATH 249 or 251; plus one of 211, 221 or 253	Plus electives to total 60 credits
UofL	BIOL 1010, 1020, 2000, 2200; plus one of BIOL 3110, 3200, 3520 or 3560	BCHM 3010	CHEM 1000, 2100 or 2500, + 2200 or 2600	STAT 1770 + MATH 1560	Plus electives to total 60 credits

[1] 12 of the 15 Biology credits must have a laboratory component. Students majoring in Botany, Cellular, Molecular & Microbial Biology or Zoology at UofC who present the equivalent of BOTA 321, 323, 327, CMMB 343, ZOOL 375 or 377 will be required to complete an additional 3 senior credit option with their major.

Extension of Tri-University Block Transfer Agreement for Biological Sciences to Other Institutions

The Tri-University Block Transfer Agreement for Biological Sciences has been extended to other institutions who provide the first two years of a biological sciences program (refer to the chart on the following page).

A transfer student may obtain up to 2 full years credit in the Biological Sciences program at UofA, UofC or UofL by completing a block of core requirements at one of the institutions listed below. Again, the agreement is based on a *block of knowledge*, DO NOT read the following chart as a table of course-by-course equivalents. Each block of core courses must be taken as specified.

Successful completion of the block of core courses along with appropriate options will allow transfer into third-year at any participating university Biological Sciences program. Admission is based upon performance. Some courses may have to be taken subsequent to transfer to enable the specifics of that particular program to be completed.

Engineering

University of Alberta and University of Calgary Faculties of Engineering

Both the Universities of Alberta and Calgary offer Bachelor of Engineering programs. *The first year of the programs is similar but not identical.* A transfer student may obtain complete or partial credit towards first year depending on the courses selected and the university to which admission is sought.

Students should plan their programs carefully and in consultation with the academic advisor at institution in which they begin their first year. First year program requirements at the two universities are indicated below. In instances where there is a course entry for both UofA and UofC, the courses are treated as equivalent. Please also note the footnotes below.

Complementary Studies Elective[5]	Yes	Yes

[1] UofC offers a second Engineering Statics/Dynamics course, ENGG 349, in second year. It is required for 6 of 9 UofC programs. As it is not applicable for Electrical, Computer or Software Engineering, transfer students who are admitted to these 3 programs may count this extra credit as a technical elective. UofC's ENGG 205/349 is equivalent to UofA's ENGG 130/EN PH 131.

[2] UofC offers an equivalent course, PHYS 369, as part of the second year program. It is required in all but Oil and Gas Engineering programs at UofC.

[3] UofA offers an equivalent course, PHYS 230, as part of the second year program. It will be accepted as equivalent to PHYS 259 at UofC. Students transferring to Electrical, Computer and Software Engineering at UofC must complete PHYS 259 or equivalent before UofC classes start in the fall or registration will be cancelled. Students admitted to the other 6 programs must take PHYS 259 before entering 3rd year at UofC. Students transferring to Civil, Mining, Computer Process Control option in Chemical and Petroleum Engineering programs at UofA cannot receive degree *credit* for UofC's PHYS 259 or UofA's PHYS 230.

[4] Students completing UofC's ENGG 251 and 253 will receive credit for ENGG 100/101 at UofA. UofA students transferring to UofC will have the ENGG 251/253 requirement waived. In place they must take the following: (a) an approved drawing course and (b) an extra technical elective whose engineering design content is at least 50%. Engineering design content will be judged from the latest CEAB accreditation report.

[5] Complementary studies electives in first year are courses selected from the humanities (excluding languages) or social sciences. English courses are acceptable.

Relation of University Transfer Engineering Programs to Faculties of Engineering

The first year of engineering programs are offered at Grande Prairie Regional College, Grant MacEwan College, Keyano College, Medicine Hat College, Mount Royal College, Red Deer College and the University of Lethbridge. The following two charts show how courses at these institutions transfer to the Engineering Programs at UofA and UofC.

Transfer to the University of Alberta

All admissions to the second year of engineering programs are competitive and are based on academic performance in first year. Students who are in good standing after completing one of these engineering transfer programs are eligible for admission to UofA's Faculty of Engineering. Students from these programs are treated in the same way as students who have completed first year engineering at UofA. Students who have carried less than 10 three-weight courses in the preceding academic year will have an adjustment applied in the calculation of their admission GPA. In this context, design and communications courses equivalent to UofC's ENGG 251 and 253 are not counted as part of the 10 course requirement.

[1] At institutions where both courses include statics and dynamics, students must complete both course to obtain credit for ENGG 130 and EN PH 131. If only one is completed, the student will receive credit for either ENGG 130 or EN PH 131 depending on the engineering discipline to which they are admitted.

[2] Students transferring will receive 5 ucw in lieu of UofA's ENGG 100/101 and ENGL 199 (a required second year course).

[3] Introduction to engineering requirement waived.

Transfer to the University of Calgary

Admission to the Faculty of Engineering is limited and based on the grade point average (GPA) of courses that are transferable to UofC. The admission GPA varies depending on the number of spaces available in the degree program to which the student has applied. Students who have completed eight of the ten technical first year courses will be considered for transfer into second year and directly into an area of specialization.[1] Admission of transfer students to degree programs is competitive and the GPA necessary for admission will be different for each program and may also differ from one year to the next.

[1] Transfer students are not required to complete the complementary studies elective to be admissible to second year and a degree program. Acceptable complementary studies are those transferable to UofC in the humanities (excluding languages) or social sciences. English courses are acceptable. See www.eng.ucalgary.ca/students/comp_studies.htm for a list of acceptable complementary studies courses.

[2] Students who complete the college courses equivalent to UofA's ENGG 130 and EN PH 131 will receive credit for UofC's ENGG 205 and 349. ENGG 349 is a 2nd year course and is required for 6 of 9 UofC programs. It is NOT applicable for Electrical, Computer or Software Engineering. Students who are admitted to these 3 programs may count this extra credit as a technical elective.

[3] Keyano students are strongly encouraged to take a complementary block week course at UofC.

[4] Students who complete the college course equivalent to UofA's PHYS 130 will receive credit for UofC's PHYS 369, which is required in all but the Oil and Gas Engineering program.

[5] Students admitted to Electrical, Computer and Software Engineering must complete PHYS 259 or equivalent before UofC classes start in the fall. If they do not, their registration will be cancelled. Students admitted to the other 6 programs must take PHYS 259 before entering 3rd year at UofC.

[6] Students admitted from a college transfer program which does not offer the equivalent of ENGG 251/253 will have this requirement waived. In place they must take the following: (a) an approved drawing course and (b) an extra technical elective whose engineering design content is at least 50%. Engineering design content will be judged from the latest CEAB accreditation report.

* NOTE: The University of Lethbridge does not currently have an Engineering Transfer program to UofC; students interested in transferring from UofL should contact the Faculty of Engineering at UofC.

Nursing Programs

Nursing programs can be diploma, post-diploma, degree, after-degree, accelerated and post-RN. They may be offered in more than one location by an institution.

Nursing Diploma Programs

Nursing Diploma programs are offered at the following colleges:

- Grande Prairie Regional College
- Grant MacEwan College
- Keyano College
- Lethbridge Community College
- Medicine Hat College
- Mount Royal College
- Red Deer College

Post-Nursing Diploma Programs

Nursing Diploma graduates may receive 2 years program credit upon admission to a university post-RN baccalaureate nursing degree program. The following universities offer Post-RN baccalaureate nursing programs:

- Athabasca University
- University of Alberta
- University of Calgary
- The University of Lethbridge.

Nursing Degree Programs

University of Alberta Collaborative Bachelor of Science in Nursing

The UofA offers a Collaborative Bachelor of Science in Nursing (BScN) program; the full four years of which can be taken at the following institutions:

- UofA
- Red Deer College
- Grande Prairie Regional College
- Keyano College

The first two years of the program can also be taken at Grant MacEwan College; students then transfer to the UofA for year three.

University of Calgary Bachelor of Nursing

This Bachelor of Nursing program has different routes to completion:

- The 4-year program is designed for students entering directly from high school. However, transfer students with prior post-secondary course work may be able to complete the program in 3, or 3½ years, depending on availability of clinical and faculty resources and student demand.

- The first two years of the BN program are also offered at Medicine Hat College. Students initially are admitted to the program through MHC, later applying to UofC for admission to third year and complete the requirements for the degree by registering through the UofC for all but two courses. The program also provides an opportunity for students to exit with a diploma at the completion of the Spring Session in third year.

Nursing Education in Southwestern Alberta (NESA)

NESA is a collaborative program offered by the University of Lethbridge and Lethbridge Community College. Students can choose between two programs:

- 22-month **Diploma program** offered by LCC, or

- 32-month **BNursing degree** program offered by UofL.

The first two years of both programs are offered on the LCC campus and are common to both the Diploma and Degree programs. The final two years of the Degree program are offered at the UofL.

After Degree Nursing Programs

University of Alberta Bachelor of Science in Nursing After Degree

(BScN After Degree) program at the UofA is available for students with a completed undergraduate or graduate degree in another field. The program can be completed in 23 months.

University of Calgary 2-year Bachelor of Nursing Accelerated Track (BNAT)

The BNAT program is designed primarily for degree holders who have completed most or all of the support courses outlined in the 4-year BN program.

University of Lethbridge Post Diploma Bachelor of Nursing for Registered Nurses with Specialty Certification

This is a 15-course program for graduates of a recognized diploma program who also hold a Canadian Nursing Association Certificate in a recognized nursing specialty or a certificate in a recognized nursing specialty from an approved School of Nursing.

Collaborative Bachelor of Health Sciences (Addictions Counselling)

Medicine Hat College (MHC) and The University of Lethbridge (UofL) jointly offer a 4-year program leading to a Bachelor of Health Sciences (Addictions Counselling).

Students may apply to MHC or to UofL. Students applying to MHC spend the first two years of the program on the MHC campus, and the third and fourth years on the UofL campus. Students applying to UofL spend all four years on the University campus. Students at MHC may opt to leave the program with a Diploma in Health Sciences (Addiction) following two years of successful study. In either case, entry and program requirements are identical and students successfully completing the four-year program graduate with a Bachelor in Health Sciences (Addictions Counselling), awarded by UofL.

Students from other post-secondary institutions may transfer up to half of the program requirements. All transfer arrangements must be approved prior to admission.

Students will be allowed 7 years to complete all requirements of the baccalaureate program, from the time of initial registration in HLSC 200/1000.

For detailed information on admission, program requirements and transfer contact either MHC, or the Academic Advisor of the School of Health Sciences at UofL (403-329-2649). Program Planning Guides are available for this program at MHC and at UofL.

Accelerated Bachelor of Management

Grant MacEwan College and the University of Lethbridge (UofL) jointly offer a program leading to a 4-year (Accelerated) Bachelor of Management degree. The degree program consists of 40 courses. The first 21 courses are offered by Grant MacEwan in Edmonton. After successfully completing these 21 courses the student applies for admission to the Faculty of Management at UofL.

Admission is guaranteed for students with a cumulative grade point average of 2.50 or higher (subject to change).

The BMgt degree is awarded by UofL. Students apply to this program through Grant MacEwan College.

Transfer Arrangements with Other Organizations

The following organizations have transfer arrangements with Alberta post-secondary institutions. The information on the courses covered by these arrangements is presented for publication by the respective receiving institution.

Nechi Training, Research and Health Promotions Institute

Students who have completed the Community Addictions Training Certificate and the Advanced Counsellor Training Certificate after 1987 with Nechi Institute will receive fifteen (15) credits towards the Aboriginal Addictions Services Certificate Program at Keyano College. Students must provide copies of their certificates along with an official transcript from Nechi.

Graduates of Keyano's certificate and diploma programs can receive transfer credit at Brandon University towards their First Nations and Aboriginal Counselling degree program.

Students who have completed the Community Addictions Training (CAT) series with Nechi Institute will receive advanced credit towards the Community Health Representative professional development certificate at Portage College.

Saskatchewan Indian Institute of Technologies (SIIT)'s Community Services – Addictions program

Students who successfully complete Saskatchewan Indian Institute of Technologies (SIIT)'s Community Services - Addictions program will be admitted directly into Keyano College's second year Aboriginal Addictions Services diploma program as a full block credit.

Transport Canada

Students who have successfully completed the Private Pilot and Commercial Ground School at any Transport Canada approved Flight School, and have passed the corresponding Transport Canada examinations, will receive EAS 1xx (3) at the University of Alberta and GEOG 2xx (3) at The King's University College. Students must present a letter issued from Transport Canada indicating total score and divisional mark. An authorized person at each flight training facility must identify the student's name and hours attended while enrolled in the Ground School as per student's Pilot Training Record.
